For the year ended 31.3.2008 the company was entitled to exemption under subsection 1 of section 249A of the Companies Act 1985. No notice has been deposited under s.249B.2 in relation to

Cont.... /

the accounts for the financial year. The directors acknowledge their responsibility for ensuring that the company keeps accounting records which comply with section 221 of the Act and preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the financial year, and of its profit for the financial year in accordance with the requirements of section 226 of the Act, and which otherwise comply with the requirements of this Act relating to accounts so far as applicable to the company.

The Directors have taken advantage of the special exemptions conferred by Schedule 8 Part 1 and Schedule 8 Part 11A of the Companies Act 1985 in preparing the accounts. In the opinion of the Directors the Company qualifies as a small company under section 247, and is entitled to make use of the exemptions.

Approved by the board of directors on 15 December 2008and
signed on their behalf by

.....

D. Denison - DIRECTOR

DAVID DENISON ASSOCIATES LIMITEDNotes to the Abbreviated AccountsYear ended31st March 2008**1. Statement of Accounting Policies**

Exemptions: The Directors have relied on the exemption available to small companies under Financial Reporting Standard No.1 and have therefore not included a cash flow statement as part of the financial statements.

Basis of Accounting: The Accounts are prepared under the historical cost convention.

The principal accounting policies which the Directors have adopted within that convention are set out below.

Turnover: The turnover represents the total amount receivable by the company from the provision of services, excluding value added tax, and is attributable to the principal trading activities of the Company.

Depreciation: the provisions for Depreciation are calculated to write down the cost less estimated residual value of the Fixed Assets over their estimated useful lives at the following rates:

Tools and Equipment	25% reducing balance basis
Motor Vehicles	25% reducing balance basis
Office Equipment	25% reducing balance basis

Stock and Work In Progress: The basis of valuation is the lower of cost and net realisable value. Cost comprises the actual purchase price, and net realisable value is based on the estimated sale price after taking into consideration any costs to be incurred on disposal.

Taxation: The charge for Corporation Tax is based on the profit for the year and takes into account any taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Finance Leases and Hire Purchase: Assets acquired under finance leases or hire purchase are treated as tangible fixed assets and depreciation is provided accordingly. The present value of future rentals is shown as a liability and the interest element of rental obligations is charged to the profit and loss account over the period of the lease in proportion to the balance outstanding.
