Statement of directors' responsibilities

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable laws and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of its profit or loss for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- · make judgements and estimates that are reasonable and prudent;
- · state whether applicable accounting standards have been followed; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

In addition we report to you if, in our opinion, the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and other transactions is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

In our opinion:

- the financial statements give a true and fair view, in accordance with United Kingdom Generally Accepted Accounting Practice, of the state of the company's affairs as at 31 December 2008 and of its loss for the year then ended;

1. Accounting policies

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below and have been applied consistently in the current and preceding year.

Accounting convention

The financial statements are prepared under the historical cost convention.

Cash flow statement

The company has taken advantage of the exemption provided under Financial Reporting Standard 1 (Revised 1996) not to provide a cash flow statement, as it is a wholly owned subsidiary undertaking.

Going concern

The company's business activities are set out in the Directors Report on page 1.

The principal risks and uncertainties affecting the company are inextricably linked to those affecting the Group.

Current economic conditions create uncertainties across many business sectors including the housebuilding industry. In particular the availability of mortgage finance and provision of bank lending to the sector have both been significantly curtailed and the terms on which each is made available have become markedly more stringent.

The Group regularly updates its trading and financial projections, which make allowance for anticipated market conditions. These show that the Group should be able to work within the terms and covenants of its committed borrowing facilities, which have recently been renewed through to January 2012.

However, if demand from purchasers, house prices or mortgage availability were to deteriorate significantly further, then there are scenarios in which the financial covenants within those facilities could be breached. The Group has identified management actions that can be taken to mitigate against the effects of further adverse market conditions and believe that in these circumstances covenants could be renegotiated with the lenders in line with the changed market environment.

Therefore, after making enquiries, and considering the uncertainties described above, the directors have a reasonable expectation that the Group and the company have adequate resources to continue in operational existence for the foreseeable future. Accordingly the directors continue to adopt the going concern basis in preparing the annual report and accounts.

2. Directors and employees

The company had no employees during the current or preceding year, other than directors. None of the directors received any emoluments or other benefits during the current or preceding year.

3. Operating loss

Auditors' fees of £1,000 (2007: £1,000) have been borne by another group company in both the current and preceding years.
