**Statement of Director's Responsibilities**

Company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing those financial statements, the Directors are required to

- 1 select suitable accounting policies and then apply them consistently,
- 2 make judgements and estimates that are reasonable and prudent,
- 3 prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**Review of Business**

The results for the year are shown on page 2 of the accounts

The loss of £ 4197, before tax, was mainly due to staff costs of £39480. Future business prospects will be governed by the inflationary effect on raw material and energy costs, the value of the US dollar and general downturn in business activity.
