1 ACCOUNTING POLICIES

a Basis of Accounting

The financial statements have been prepared in accordance with the historical cost convention. The company has taken advantage of the exemption in Financial Reporting Standard No 1 from producing a cash flow statement on the grounds that it is a small company.

b Turnover

Turnover represents the net margin achieved on completed futures transactions and margin on mark to market valuation of open trading holdings and proceeds of property sales at disposal values.

c Depreciation of tangible fixed assets

Depreciation of tangible fixed assets is provided to write off the cost over their estimated useful lives at the following annual rate using the reducing balance method -

Fixtures, fittings and equipment 20%

d Stock

Stock has been valued by the director at the lower of cost and net realisable value.

e Deferred Taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.
