For the financial period ended 30 September 2008, the company was entitled to exemption from audit under section 249A(1) of the Companies Act 1985; and no notice has been deposited under section 249B(2) requesting an audit. The director acknowledges his responsibilities for ensuring that the company keeps accounting records which comply with section 221 of the Act and preparing accounts which give a true and fair view of the state of affairs of the company as at the end of the period and of its profit or loss for the financial period in accordance with the requirements of section 226 and which otherwise comply with the Companies Act 1985, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part VII of the Companies Act 1985 relating to small companies.

These accounts were approved by the Director on 24 February 2009

 Director

The notes on page 2 form an integral part of these financial statements.

Nanocoatings Limited

Notes to the abbreviated accounts for the Period Ended 30 September 2008

1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

Turnover

Turnover represents amounts chargeable, net of value added tax, in respect of the sale of goods and services to customers.

Start-up costs

Start-up costs are accounted for on a basis consistent with similar costs incurred as part of the company's ongoing business.

Where there are no similar ongoing costs, start up costs which satisfy the criteria under relevant accounting standards to be recognised as assets are included in the balance sheet. All other costs are written off as incurred.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
