RESOLUTIONS

SPECIAL RESOLUTION FROM VSS COUNCIL

"That the company name "Scottish Association of Victim Support Schemes" be changed to "Victim Support Scotland". This would simplify the present practice whereby "VSS" is used throughout the organisation for public purposes and is also the name used by sister organisations in UK and Eire beside the new logo, but SAVSS, being the company name, is used on stationery and other publications. Such a change is in the interests of achieving a corporate identity and higher profile for Victim Support and reducing confusion caused by use of two names."
