Directors' report

The directors present their annual report and the audited financial statements for the year ended 30 September 2015.

Principal activity

On 1 October 2014, the directors took the decision to cease trading following the sale of the company's only investment. As the directors intend to liquidate the company following the settlement of the remaining net assets, they have not prepared the financial statements on a going concern basis. The effect of this is explained in note 1.

Directors

The directors who held office during the year were as follows:

G Kehoe (appointed 15 May 2015)
P Nicholson (resigned 15 May 2015)
C Geissler

Directors' liabilities

The company has granted an indemnity to one or more of its directors against liability in respect of proceedings brought by third parties, subject to the conditions set out in Section 234 of the Companies Act 2006. Such qualifying third party indemnity provision remains in force as at the date of approving the directors' report.

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be re-appointed and KPMG LLP will, therefore, continue in office.

Statement of directors' responsibilities in respect of the Directors' report and the financial statements

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business. As explained in note 1, the directors do not believe that it is appropriate to prepare these financial statements on a going concern basis.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes

(forming part of the financial statements)

1 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements:

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards.

Going concern

On 1 October 2014, the directors took the decision to cease trading following the sale of the company's only investment on the same date. As the directors intend to liquidate the company following the settlement of the remaining net assets, they have not prepared the financial statements on a going concern basis. The impact of this is that investments have moved from a fixed asset to a current asset in the prior year.

Cash flow statement

As the company is a wholly owned subsidiary and its parent publishes consolidated financial statements, the directors have taken advantage of the exemption in Financial Reporting Standard No 1 (revised) from including a cash flow statement in the financial statements.

Related party transactions

As a 100% subsidiary undertaking of Voith GmbH, the company has taken advantage of the exemption in FRS 8 "Related party disclosures" from disclosing transactions with other members of the group headed by Voith GmbH.

Consolidation

The company is exempt from the requirement to prepare group financial statements by virtue of Section 400 of the Companies Act 2006. These financial statements therefore present information about the company as an individual undertaking and not about its group.

Investments

Investments in subsidiary undertakings are stated at cost less amounts written off.

Revenue recognition

Revenue is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Revenue is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty. The following criteria must also be met before revenue is recognised:

Dividend income

Dividend income is recognised when the company's right to receive payment is established.

Notes (continued)

1 Accounting policies (continued)

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatments of certain items for taxation and accounting purposes.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exception:

- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on the tax rates and laws enacted, or substantively enacted, at the balance sheet date.

Foreign currencies

Profit and loss account transactions in foreign currencies are translated into sterling at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the closing rates at the balance sheet date and the exchange differences are included in the profit and loss account.

Dividends on shares presented within shareholders' funds

Dividends are only recognised as a liability at that date to the extent that they are declared prior to the year end. Unpaid dividends that do not meet these criteria are disclosed in the notes to the financial statements.

2 Operating profit

All operating expenses, including auditor's remuneration, are borne by the company's subsidiary undertaking in the current financial year.

Directors' remuneration has been borne by another group company in both years. The directors are also directors or officers of a number of the companies within the Voith GmbH group. Their directors' services to the company do not occupy a significant amount of their time. As such, the directors do not consider that they have received any remuneration for their incidental services for the company in both years.

3 Net interest receivable/(payable) and similar charges

	2015 £000	2014 £000
Interest receivable on loans to group undertakings	479	437
Interest payable on loans from group undertakings	(217)	(213)
