BRYN ROBERTS WORKSHOPS LIMITED

NOTES TO THE FINANCIAL STATEMENTS for the year ended 31 December 2016

1. STATUTORY INFORMATION

Bryn Roberts Workshops Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain assets.

The company adopted FRS 102 Section 1A "Small Entities" in the current year and both the financial performance and financial position of the company have remained unchanged as a result of the transition.

The date of transition was 1 January 2015.

Turnover

Turnover is measured at the fair value of the consideration received or receivable net of VAT. Turnover from the sale of goods is recognised when significant risks and rewards of ownership of the goods have transferred to the buyer, the amount of turnover can be measured reliably, it is probable that the economic benefits associated with the transaction will flow to the company and the costs incurred or to be incurred in respect of the transaction can be measured reliably. This is usually on despatch of the goods.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 10% on cost
Fixtures and fittings	- 10% on cost
Motor vehicles	- 25% on cost
Office equipment	- 33% on cost

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Cost includes costs directly attributable to making the asset capable of operating as intended.

Stocks

Stocks are valued at the lower of cost and estimated selling price less costs to complete and sell. Cost includes all costs of purchase and other costs incurred in bringing stock to its present location and condition.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

NOTES TO THE FINANCIAL STATEMENTS - continued **for the year ended 31 December 2016**

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

Pension costs and other post-retirement benefits

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to profit or loss in the period to which they relate.

Government grants

Government grants in respect of fixed assets are treated as deferred income upon receipt and released to the profit and loss account over the expected useful economic life of the relevant assets.

Financial instruments

Loans and borrowings are initially recognised at the transaction price including transaction costs. Subsequently, they are measured at amortised cost using the effective interest rate method, less impairment.

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price. Any losses arising from impairment are recognised in the income statement.

3. EMPLOYEES AND DIRECTORS

The average number of employees during the year was 19 (2015 - 19).

7. PENSION COMMITMENTS

During the year under review £7,836 (2015: £6,272) was charged to the profit and loss account in respect of pension costs. There were no outstanding contributions at the year end.

8. CONTINGENT LIABILITIES

A government grant of £11,242 received in the year ended 31 December 2008 includes conditions which prevent certain fixed assets from being sold if the grant is not to be repaid.

The directors are of the opinion that at the balance sheet date and for the foreseeable future the grants will not become repayable.

There is an unlimited multilateral guarantee in place dated 3 October 2005 given by TFH (Worcestershire) Limited, TFH Holdings Limited and Bryn Roberts Workshops Limited, in favour of HSBC Bank plc. As at 31 December 2016 the group had exposure on amounts owed to the bank of £0 (2015: £22,720).

There is a debenture in place including a fixed charge over freehold and leasehold property, a first fixed charge over book and other debts, chattels, goodwill and uncalled capital, and a floating charge over all assets dated 7 May 2003.
