2017 £ 10

10 Ordinary shares of £1 each

4 Accounting Policies

Basis of measurement and preparation of accounts

The accounts have been prepared under the historical cost convention and in accordance with the

124,073

Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover is the total amount receivable by the company for goods supplied and services provided excluding VAT and net of trade discounts, derived from the ordinary activities of the company.

Tangible assets depreciation policy

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:-

Plant and machinery 20% reducing balance.

Intangible assets amortisation policy

Goodwill is the difference between the fair value of the consideration given on the acquisition of a business and the aggregate fair value of the separate net assets acquired. It is being amortised through the profit and loss account in equal instalments over its estimated economic life of 10 years on a straight- line basis. Goodwill is reviewed for impairment at the end of the first full financial year following acquisition and in other periods if events or changes in circumstances indicate that the carrying value may not be recoverable.

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1072 of the Companies Act 2006.
