#### ACCOUNTING POLICIES

#### BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention modified to include the revaluation of freehold land and buildings.

#### TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost or valuation less depreciation.

Depreciation is provided on all tangible fixed assets other than freehold land and investment properties at rates calculated to write each asset down to its estimated residual value evenly over its expected useful life, as follows:

Plant and machinery

25% Straight Line

Investment properties have been revalued and are carried at their revalued amount. No depreciation is provided on freehold investment properties or on leasehold investment properties where the unexpired lease term exceeds 20 years.

#### **DEFERRED TAXATION**

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

#### **TURNOVER**

Turnover represents the invoiced value of rents receivable in the year.
