### Notes to the Abbreviated Accounts for the Year Ended 31 March 2016

#### 1 Accounting policies

##### Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective January 2015).

##### Going concern

The company has ceased trading and will become a dormant company.

##### Turnover

Turnover represents amounts chargeable in respect of the provision of consultancy services to customers. Revenue is recognised when the consultancy work is provided.

##### Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
