Accountant's Report on the Unaudited Financial Statements

To the board of directors of Crandell Limited

In accordance with the letter of engagement dated 25th July 2009 and in order to assist you to fulfil your duties under the Companies Act 2006, I have compiled the abbreviated accounts of Crandell Limited for the year ended 31st March 2014 which comprise the profit and loss account, balance sheet and the related notes from the accounting records and information and explanations you have given me.

My report has been prepared under the terms of my engagement with the company and for no other purpose. No person is entitled to rely on this report other than the company's board of directors as a body, or any person expressly authorised to do so by my prior written consent. Save as above, I do not accept responsibility for this report to any other person or for any other purpose and I hereby expressly disclaim any and all such liability.

I have carried out this engagement in accordance with technical guidance issued by the Institute of Chartered Accountants in England and Wales and have complied with the ethical guidance laid down by the Institute.

You have acknowledged on the balance sheet your responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements. You consider that the company is exempt from the statutory requirement for an audit for the year.

I have not been instructed to carry out an audit of the financial statements pursuant to s495 of the Companies Act 2006. Consequently I have not verified the accuracy or completeness of the accounting records or information and explanations you have given to me and I do not express an opinion on the abbreviated accounts pursuant to s 449 of the Companies Act 2006

S C J Garner
Chartered Accountant

1 Accounting policies

The financial statements have been prepared under the historical cost convention. The following principal accounting policies have been applied:

Depreciation

Depreciation is provided to write off the cost or valuation less estimated realisable residual values, of all tangible fixed assets, except for investment properties and freehold, land, evenly over their expected useful lives. It is calculated at the following rates:

Motor vehicles	-0.25 reducing balance
Fixtures and fittings	-0.25 reducing balance
Leasehold improvements	-0.20 straight line

Turnover

Turnover represents sales to external customers at invoiced amounts less value added tax and trade discounts.

Stocks

Stocks are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on a first in, first out basis. Net realisable value is based on the estimated selling price less additional costs to completion and disposal,

Deferred taxation

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the balance sheet date, except that the recognition of deferred tax assets is limited to the extent that the company anticipates making sufficient taxable profits in the future to absorb the reversal of the underlying timing differences. Deferred tax balances are not discounted.

Leased assets

Where assets are financed by leasing arrangements that give rights approximating to ownership (finance leases), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as amounts payable to the lessor. Depreciation on the relevant assets is charged to the profit and loss account.

1 Accounting policies (continued)*Leased assets (continued)*

Lease payments are analysed between capital and interest components so that the interest element of the payment is charged to the profit and loss account over the period of the lease and represents a constant proportion of the balance of capital repayments outstanding. The capital part reduces the amounts payable to the lessor.

All other leases are treated as operating leases. The annual rentals are charged to the profit and loss account on a straight-line basis over the term of the lease.

Pensions

Contributions to the company's defined contribution pension scheme are charged to the profit and loss account in the year in which they become payable. The assets of the scheme are held separately from those of the company in an independently administered fund.
