Directors' Report

for the year ended 30th April 1999

The directors submit their report together with the abbreviated accounts for the year ended 30th April 1999.

Directors' Responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit for that year. In preparing those financial statements the directors are required to:

Select suitable accounting policies and then apply them consistently;

Make judgements and estimates that are reasonable and prudent; and

Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the company and to enable them to ensure the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Results and Dividends

The profit on the ordinary activities of the company before taxation amounted to £553,431. After deducting taxation, the profit of £365,661 has been transferred to reserves.

The directors do not recommend the payment of a dividend.

Principal Activity and Business Review

The principal activity of the company continued to be that of the sale of motor vehicle parts, paints and related products.

The directors plan to continue with the management policies which have led to the satisfactory result achieved in the year.

Directors

The directors, neither of whom is beneficially interested in the shares of the company, who served during the year were as follows:

Mr N Parry Mrs B Parry

The company is a wholly-owned subsidiary of Parry's Holdings Limited and the interests in shares of Mr N Parry and Mrs B Parry who are directors of that company are disclosed in its directors' report.

Directors' Report

for the year ended 30th April 1999

Year 2000

It is well known that many computers and digital storage systems express dates using only the last two digits of the year and will thus require modification or replacement to accommodate the Year 2000 and beyond in order to avoid malfunctions and resulting widespread commercial disruption. This is a complex and pervasive issue. The operation of our business depends not only on our own computer systems, but also to some degree on those of our suppliers and customers. This could expose us to further risk in the event that there is a failure by other parties to remedy their own Year 2000 issues.

The directors have begun a full review of the company's systems to assess the likely extent of the impact of the Year 2000 issue on the company, and the risks that it faces. Priority will be given to those systems which would have a significant financial or legal impact on the company's business if they were to fail. The directors are also considering the impact on our business of Year 2000 related failures by our significant suppliers and customers.

Given the complexity of the problem, it is not possible for any organisation to guarantee that no Year 2000 problems will remain, because at least some level of failure may still occur. However, the Board believes that it will achieve an acceptable state of readiness and has also provided resources to deal promptly with significant subsequent failures or issues that might arise.

The total cost of modifications to the company's computer hardware and software during the year was £48,178, all being in respect of new equipment that has been capitalised. No further expenditure in relation to the Year 2000 is expected to be incurred.

Auditors

The Auditors, Lathams (formerly Latham Crossley & Davis), Chartered Accountants, have indicated that they are willing to be reappointed at the forthcoming Annual General Meeting.

Auditors' Report

To Parry's Motor Parts Limited

Under Section 247B of the Companies Act 1985

We have examined the abbreviated accounts set out on pages 4 to 10 together with the full financial statements of Parry's Motor Parts Limited for the year ended 30th April 1999 prepared under Section 226 of the Companies Act 1985.

Respective responsibilities of the directors and auditors

The directors are responsible for preparing the abbreviated accounts in accordance with Section 246A of the Companies Act 1985. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts prepared in accordance with Section 246A(3) of the Act to the Registrar of Companies and whether the accounts to be delivered are properly prepared in accordance with that provision and to report our opinion to you.

Basis of Opinion

We have carried out the procedures we consider necessary to confirm, by reference to the full financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared. The scope of our work for the purpose of this report did not include examining or dealing with events after the date of our report on the full financial statements.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Section 246A(3) of the Companies Act 1985, and the abbreviated accounts on pages 4 to 10 have been properly prepared in accordance with that provision.

Notes to the Abbreviated Accounts

for the year ended 30th April 1999

1 Principal Accounting Policies

Accounting Convention

The Financial Statements have been prepared in accordance with applicable Accounting Standards under the historical cost convention.

Turnover

Turnover represents the invoiced amount of goods sold less returns and allowances, excluding value added tax.

Tangible Fixed Assets and Depreciation

Tangible fixed assets are stated at cost less accumulated depreciation.

Depreciation is calculated to write down the cost, less estimated residual value, of all tangible fixed assets, other than freehold land, over their expected useful lives. The principal annual rates and methods used are:

Freehold buildings

Computer equipment

Motor vehicles

Fixtures and fittings

2% Straight line

30% Straight line

25% Reducing balance

20% Reducing balance

Stocks

Stocks are stated at the lower of cost and net realisable value.

Deferred Taxation

Deferred taxation is calculated under the liability method at the appropriate rate of tax in respect of timing differences between profits as computed for tax purposes and profits as stated in the financial statements to the extent that, in the opinion of the directors, those differences will give rise to tax liabilities in the foreseeable future.

Foreign Currencies

Transactions denominated in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies which are included in the balance sheet are translated at the rates of exchange ruling at the balance sheet date. Exchange gains and losses are included in the profit on ordinary activities.
