Notes to the Abbreviated Accounts
for the Year Ended 6 February 2014

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the net invoiced sale of services, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 15% on cost
Computer equipment	- 33% on cost

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Revenue recognition

Fee income represents revenue earned under a wide variety of contracts to provide professional services. Revenue is recognised as earned when, and to the extent that, the company obtains the right to consideration in exchange for its performance under these contracts. It is measured at the fair value of the right to consideration, which represents amounts chargeable to customers, including expenses and disbursements but excluding value added tax.

Revenue is generally recognised as contract activity progresses so that for incomplete contracts it reflects the partial performance of the contractual obligations. For such contracts the amount of revenue reflects the accrual of the right to consideration by reference to the value of work performed. Revenue not billed to clients is included in debtors. Payments on account in excess of the relevant amount of revenue are included in creditors.

Fee income that is contingent on events outside the control of the firm is recognised when the contingent event occurs.
