**Notes to the Financial Statements
FOR THE YEAR ENDED 30 APRIL 2018**

1. STATUTORY INFORMATION

Ronsons Developments Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 10% on cost
Fixtures and fittings	- 20% on reducing balance

Investment properties are revalued annually by the director in accordance with SSAP 19 and the aggregate surplus or deficit where applicable is transferred to the investment revaluation reserve. No depreciation is provided in respect of investment properties; this constitutes a departure from the statutory rules requiring fixed assets to be depreciated over their economic useful lives and is necessary to enable the financial statements to give a true and fair view. Depreciation is only one of many factors reflected in the annual valuation and the amount which might otherwise have been shown cannot be separately identified or quantified.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

**Notes to the Financial Statements - continued
FOR THE YEAR ENDED 30 APRIL 2018**

2. ACCOUNTING POLICIES - continued

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
