Independent Auditor's Report to Dawnside Developments Limited

UNDER SECTION 449 OF THE COMPANIES ACT 2006

We have examined the abbreviated accounts set out on pages 2 to 6 together with the financial statements of Dawnside Developments Limited for the year ended 31st August 2011 prepared under Section 396 of the Companies Act 2006.

This report is made solely to the company, in accordance with Section 449 of the Companies Act 2006. Our work has been undertaken so that we might state to the company those matters we are required to state to it in a special auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company for our work, for this report, or for the opinions we have formed.

Respective Responsibilities of Directors and Auditor

The directors are responsible for preparing the abbreviated accounts in accordance with Section 444 of the Companies Act 2006. It is our responsibility to form an independent opinion as to whether the company is entitled to deliver abbreviated accounts to the Registrar of Companies and whether the abbreviated accounts have been properly prepared in accordance with the regulations made under that section and to report our opinion to you.

Basis of Opinion

We conducted our work in accordance with Bulletin 2008/4 issued by the Auditing Practices Board. In accordance with that Bulletin we have carried out the procedures we consider necessary to confirm, by reference to the financial statements, that the company is entitled to deliver abbreviated accounts and that the abbreviated accounts to be delivered are properly prepared.

Opinion

In our opinion the company is entitled to deliver abbreviated accounts prepared in accordance with Section 444(3) of the Companies Act 2006, and the abbreviated accounts have been properly prepared in accordance with the regulations made under that section.

1. Accounting Policies

Basis of Accounting

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

At 31 August 2011 the company reported net current liabilities of £1,035,267 (2010 - £875,183). Included within current liabilities are amounts totalling £1,895,336 (2010 - £1,722,819) due to group undertakings and undertakings in which the company has a participating interest. These liabilities have no fixed repayment terms and the directors have confirmed these creditors will not be paid at the detriment of other creditors.

The accounts for the year ended 31 August 2011 have been prepared on a going concern basis. The directors are satisfied that there is sufficient working capital to meet the requirements as they fall due for the following 12 months. There has been no adjustment to the carrying value of the assets and liabilities.

Group Accounts

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts.

Turnover

Turnover represents rental income receivable in the year.

Fixed Assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost or revaluation of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant & Machinery	- 15% reducing balance p.a.
Motor Vehicles	- 25% straight line

Investment Properties

Investment properties are shown at their open market value. The surplus or deficit arising from the annual revaluation is transferred to the investment revaluation reserve unless a deficit, or its reversal, on an individual investment property is expected to be permanent, in which case it is recognised in the profit and loss account for the year.

This is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) which, unlike the Companies Act 2006, does not require depreciation of investment properties. Investment properties are held for their investment potential and not for use by the company and so their current value is of prime importance. The departure from the provisions of the Act is required in order to give a true and fair view.

1. Accounting Policies *(continued)*

Deferred Taxation

Deferred tax is recognised in respect of timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non - discounted basis.

Deferred tax is not recognised when fixed assets are re-valued unless by the balance sheet date there is a binding agreement to sell the re-valued assets and the gain or loss expected to arise on the sale has been recognised in the financial statements

2. Fixed Assets

	Tangible Assets £	Investments £	Total £
Cost or Valuation			
At 1st September 2010	3,896,711	580	3,897,291
Additions	<u>74,399</u>	<u>-</u>	<u>74,399</u>
At 31st August 2011	<u>3,971,110</u>	<u>580</u>	<u>3,971,690</u>
Depreciation			
At 1st September 2010	52,840	-	52,840
Charge for year	<u>5,705</u>	<u>-</u>	<u>5,705</u>
At 31st August 2011	<u>58,545</u>	<u>-</u>	<u>58,545</u>
Net Book Value			
At 31st August 2011	<u>3,912,565</u>	<u>580</u>	<u>3,913,145</u>
At 31st August 2010	<u>3,843,871</u>	<u>580</u>	<u>3,844,451</u>

The directors consider the carrying value of the investment properties to represent their current market value.

If the remaining properties were sold at their valuation a tax charge of approximately £109,151 (2010 - £163,656) would arise. No provision has been made in these financial statements for this amount, as there is no binding agreement in place to sell any of the properties.
