For the year ending 31 December 2014 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.

The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the Financial Reporting Standard for Smaller Entities (effective 2008).

The financial statements were approved by the Board of Directors on 22 May 2015

SIGNED ON BEHALF OF THE BOARD BY:

Name: Mr L De Georgio

Status: Director

The notes form part of these financial statements

DE GEORGIO TRANSPORT (U.K.) LIMITED

Notes to the Abbreviated Accounts for the Period Ended 31st December 2014

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover policy

Turnover comprises the value of sales excluding value-added tax and trade discounts.

Tangible fixed assets depreciation policy

Depreciation is provided on all tangible fixed assets at rates calculated to write off the cost or valuation of each asset less its estimated residual value, over its expected useful life as follows:- Furniture, Fittings and Equipment: written down to nil value.

Other accounting policies

Pension Fund Contributions The company operates a defined benefit pension scheme that requires contributions to be made to a separately administered fund. Contributions to this fund are charged in the profit and loss account so as to spread the cost of pensions over the employees working lives within the company. The regular cost is attributed to individual years using the projected unit credit method. Variations in pension cost, that are identified as a result of actuarial valuation, are amortised over the average expected remaining working lives of employees in proportion to their expected payroll costs. Differences between the amounts funded and the amounts charged in the profit and loss account are treated as either provisions or prepayments in the balance sheet.
