Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Exemption from preparing a cash flow statement

Exemption has been taken from preparing a cash flow statement on the grounds that the company qualifies as a small company.

Turnover

Turnover represents net invoiced sales of services, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Office equipment	- 25% on reducing balance
Computer equipment	- 33% on cost

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Pensions

The company operates a defined contribution pension scheme. Contributions payable for the year are charged in the profit and loss account.

Revenue recognition

Revenue is recognised as earned when, and to the extent that, the firm obtains the right to consideration in exchange for its performance under those contracts.

It is measured at the fair value of the right to consideration, which represents amounts chargeable to clients, including recoverable expenses and disbursements, but excluding Value Added Tax.

For incomplete contracts, an assessment is made of the extent to which revenue has been earned. The assessment takes into account the nature of the assignment, its stage of completion and the relevant contract terms.

Unbilled revenue is included in debtors, under accrued income.
