#### Directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2002

#### 1 Accounting policies

#### 1.1 Accounting convention

The financial statements are prepared under the historical cost convention.

#### 1.2 Compliance with accounting standards

The financial statements are prepared in accordance with applicable accounting standards.

#### 1.3 Going concern

During the year company converted £1.2 million of their bank overdraft into convertible preference shares (see note 10). The remaining overdraft has been converted into a loan repayable over 5 years (see note 9), with the current account working on a credit basis only.

As a result of these transactions the company has net funds of £59,142 at 31 December 2002, compared with net liabilities of £899,090 at 31 December 2001. Management accounts to 30 April 2003 show that the company has returned to profitability in the period to that date, in line with budgeted expectations. It is considered that the annual budgeted figures will be met for the remainder of the year ended 31 December 2003.

Subsequent to the year end, the company has also obtained an invoice discounting facility to assist with its cash flow arrangements.

On this basis the directors consider that the preparation of these financial statements on the going concern basis is appropriate.

#### 1.4 Turnover

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

#### 1.5 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Leasehold improvements Straight line over the life of the lease

Plant and machinery Straight line over 2-5 years
Fixtures, fittings and equipment Straight line over 2-4 years

Motor vehicles Straight line over 2-4 years

#### 1.6 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

Rentals payable under operating leases are charged against income on a straight line basis over the lease term.

#### 1.7 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

#### 1.8 Stock and work in progress

Stock and work in progress are valued at the lower of cost and net realisable value.

# NOTES TO THE ABBREVIATED ACCOUNTS (CONTINUED) FOR THE YEAR ENDED 31 DECEMBER 2002

#### 1 Accounting policies

(continued)

#### 1.9 Foreign currency translation

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

#### 1.10Group accounts

The financial statements present information about the company as an individual undertaking and not about its group. The company has not prepared group accounts as it is exempt to do so by section 248 of the Companies Act 1985.

The cumulative convertible non-voting preference shares ("Preference Shares") confer the holders the right to receive a fixed cumulative preference dividend, in priority to the holders of any other shares, based on the issue price at 6% above the bank's base rate. This fixed preferential dividend accrues from 1 January 2006.

In the event of the sale of the company's trade, the preference shareholders are entitled to a distribution. In the event of the sale of the company's shares, the preference shareholders have rights of conversion immediately prior to that sale. The amount of the distribution, or the shares so converted, are based on formulae set out in the company's articles of association.
