#### DIRECTORS' RESPONSIBILITIES & REPORT OF THE AUDITORS

### Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and the profit or loss of the company for that period. In preparing those financial statements, the directors are required to select suitable accounting policies and then apply them consistently; make judgements and estimates that are reasonable and prudent; and prepare the financial statements on a going concern basis unless it is inappropriate to assume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets

Of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

#### Independent Auditors' Report to the Trustees of the League of Venturers Search and Rescue

We have audited the financial statements of the Company for the year ended 23<sup>(4)</sup> February 2001 on pages 3 to 6. These financial statements have been prepared in accordance with the Financial Reporting Standard for Smaller Entities, under the historical cost convention and the accounting policies set out on page 5.

#### Respective responsibilities of directors and auditors

As described in the Statement of Directors' Responsibilities, the company's directors are responsible for the preparation of the financial statements in accordance with applicable law and United Kingdom Accounting Standards.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

#### Basis of audit opinion

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also included an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of the information in the financial statements.

## Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 23<sup>rd</sup>. February 2001 and of its profit for the year then ended and have been properly prepared in accordance with the provisions of the Companies Act 1985.
