#### 2. Accounting policies

#### Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

#### **Turnover**

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the UK.

#### Leasing & hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to product constant periodic rates of charge on the net obligations outstanding in each period.

#### **Tangible Assets**

Tangible assets are initially recorded at cost and are subsequently stated at cost less any accumulated depreciation and impairment losses. Included in tangible assets are assets on hire purchase contracts as follows:
