## Directors' report

The directors present their annual report on the affairs of the Company, together with the audited financial statements and auditor's report, for the year ended 31 December 2014.

This directors' report has been prepared in accordance with the provisions applicable to companies entitled to the small companies' exemption.

Further information on the basis of preparation of these financial statements can be found in note 1.

### Principal activity

The principal activity of the Company in the year under review was the operation of the 6MW wind farm at South Sharpley in County Durham and this is expected to continue to be the principal activity of the Company.

### Results and dividends

The profit for the year after taxation was £253,240 (2013: £387,452).

The directors do not recommend the payment of a final dividend (2013: £nil) and no interim dividends were paid in the year (2013: £nil). Following the year end, an interim dividend was paid for the year ended 31 December 2015 of £119,911 on 2 March 2015.

### Directors

The directors, who served throughout the year unless otherwise stated, were as follows:

C Reid

P Raftery

### Risks and uncertainties

The Company uses derivative financial instruments such as interest rate swaps to hedge its risks associated with interest rate fluctuations. At the date of approval of these financial statements, the cash flows are fully hedged for the duration of the loan. Hedge accounting has not been applied in these financial statements and derivatives are not included on the balance sheet at fair value.

### Independent auditor and statement of provision of information to the independent auditor

Deloitte LLP has expressed their willingness to continue in office as auditor of the Company and a resolution to reappoint them will be proposed at the forthcoming Annual General Meeting.

Each of the persons who is a director at the date of approval of this report confirms that:

- (1) so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- (2) the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Approved by the Board of Directors  
and signed on behalf of the Board

C Reid

Director

6 May 2015

## **South Sharpley Limited**

### **Directors' responsibilities statement**

The directors are responsible for preparing the annual report and the audited financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **South Sharpley Limited**

### **Independent auditor's report to the members of South Sharpley Limited**

We have audited the financial statements of South Sharpley Limited for the year ended 31 December 2014 which comprise the Profit and loss account, the Balance sheet and the related notes 1 to 16. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

#### **Respective responsibilities of directors and auditor**

As explained more fully in the Directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

#### **Scope of the audit of the financial statements**

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the Company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

#### **Opinion on financial statements**

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2014 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### **Opinion on other matter prescribed by the Companies Act 2006**

In our opinion the information given in the Directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

## **South Sharpley Limited**

### **Independent auditor's report to the members of South Sharpley Limited (continued)**

#### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to take advantage of the small companies exemption from preparing a Strategic report or in preparing the Director's report.

The financial statements of South Sharpley Limited, registered number 07472494 were approved by the board of directors and authorised for issue on 6 May 2015.

C Reid  
Director

# **South Sharpley Limited**

## **Notes to the financial statements For the year ended 31 December 2014**

### **1. Accounting policies**

South Sharpley Limited is a company incorporated in the United Kingdom under the Companies Act. The address of the registered office is given on page 1. The nature of the Company's operations and its principal activities are set out in the Directors' report on page 2.

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below and have been applied consistently throughout the current and preceding financial year.

#### **Accounting convention**

The financial statements are prepared under the historical cost convention.

#### **Cash flow statement**

The Company has taken advantage of the exemption in Financial Reporting Standard No.1 (Revised 1996) from the requirement to produce a cash flow statement on the grounds that it is a subsidiary undertaking where 90 per cent or more of the voting rights are controlled within the Group.

#### **Basis of preparation**

The financial statements have been prepared on the basis the Company is a going concern, which the directors consider appropriate.

The directors have separately reviewed integrated forecasts for the Company, for the foreseeable future, which indicate that the Company will be able to meet its cash flow demands and liabilities as they fall due from cash flows from operations and existing working capital.

Whilst the intra-group balances are appropriately classified as current balances, the Company has subsequently received written confirmation that intra-group liabilities will not fall due within twelve months from the date these financial statements are approved. This commitment was assessed by the directors following the review of the Group's forecasts and budgets for the foreseeable future and the directors are satisfied that current cash balances in combination with cash generation from operating activities will provide sufficient liquidity for the Group.

The going concern assessment includes a formal review of covenant compliance for the life of the loan against the forecasts and there is sufficient headroom within the key variables before any breaches would arise.

#### **Turnover**

Turnover represents the value of power generated during the year, excluding value added tax, in the UK.

#### **Turnover recognition**

Turnover is recognised to the extent that it is probable that the economic benefits will flow to the Company and the turnover can be reliably measured. The following specific recognition criteria must also be met before turnover is recognised:

##### **a) Generation and embedded benefits turnover**

Turnover from the sale of electricity represents the invoice value, pre sales tax, of electricity provided to third parties and is recognised when electricity is generated. Embedded benefits are paid to generating plant located on the distribution network to reflect the lower cost of transporting electricity to the end user and are recorded at the invoice value.

# South Sharpley Limited

## Notes to the financial statements (continued) For the year ended 31 December 2014

### 1. Accounting policies (continued)

#### Turnover recognition (continued)

##### b) TRIADS turnover

Turnover from the sale of TRIADS (bonus for generating at peak demand times during the winter months) represents the invoice value, before sales tax, of TRIADS provided to third parties and is recognised when eligible electricity is generated.

##### c) ROCs, LECs turnover

Renewable Obligation Certificates (ROCs) are issued to qualifying renewable generators under the terms of the generating stations OFGEM Renewable Obligation registration. These certificates may be traded separately from the electricity to which they relate. The ROCs are recorded as accrued income at fair value and recognised in turnover when the electricity to which they relate is generated. Any impairment of ROCs due to reduction in the market price is recorded in profit and loss.

Renewable energy generators who meet Customs & Excise conditions for exemption will be issued with Levy Exemption Certificates (LECs) for their generation. The LECs transfer along with the electricity and can be used by business consumers to claim levy exemption. These certificates carry a statutory value and are recognised at this value as generated.

#### Tangible fixed assets

Plant and equipment is stated at cost less accumulated depreciation and accumulated impairment in value. Such cost includes the cost of replacing part of such plant and equipment when that cost is incurred if the recognition criteria are met, but excludes the costs of day-to-day servicing which is expensed as incurred.

Depreciation is provided on all tangible fixed assets, other than freehold land, at the following annual rates in order to write off each asset over its estimated useful life.

|                      |   |          |
|----------------------|---|----------|
| Operating wind sites | - | 20 years |
|----------------------|---|----------|

#### Cash

Cash at bank and in hand on the balance sheet comprise cash in hand and deposits held at call with banks.

Restricted cash amounts comprise of cash balances held with the banks that are not available to the Company. The funds are used to provide collateral against future debt service costs and scheduled operating costs as part of the Company's finance facilities.

#### Accrued income

Accrued income represents accruals for electricity generation income not yet billed.

#### Dividend distribution

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the year in which the dividends are approved by the Company's shareholders.

## **South Sharpley Limited**

### **Notes to the financial statements (continued)** **For the year ended 31 December 2014**

#### **1. Accounting policies (continued)**

##### **Taxation**

Current tax, including UK corporation and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax, with the following exceptions:

- provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold;
- deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

##### **Operating leases**

Rentals paid under operating leases are charged to income on a straight line basis over the term of the lease.

##### **Bank borrowings**

Interest bearing bank loans and overdrafts are recorded at the proceeds received, net of direct issue costs. Finance charges, including premiums payable on settlement or redemption are accounted for on an accruals basis in the profit and loss account using the effective interest method and are added to the carrying amount of the instrument to the extent they are not settled in the period which they arise.

##### **Borrowing costs**

Borrowing costs are expensed as incurred.

##### **Foreign currency translation**

Transactions in foreign currencies are initially recorded in the functional currency rate ruling at the date of each transaction. Monetary assets and liabilities denominated in foreign currencies are re-translated at the functional currency rate of exchange ruling at the balance sheet date, with movements in the sterling equivalent of the balance being taken to the profit and loss account.

##### **Derivative financial instruments**

The Company uses derivative financial instruments to reduce exposure to interest rate movements. The Company does not hold derivative financial instruments for speculative purposes. Hedge accounting has not been adopted in these financial statements and the derivatives are not included on the balance sheet at fair value, however the fair value is disclosed in note 14. The fair value is obtained through counterparty valuations as at the balance sheet date.

# South Sharpley Limited

## Notes to the financial statements (continued) For the year ended 31 December 2014

### 2. Turnover

The total turnover of the Company for the year has been derived from its principal activity wholly undertaken in the United Kingdom.

### 3. Operating profit

| <b>Total tax in profit and loss</b>                                                         | <u><u>64,842</u></u>                             | <u><u>103,081</u></u>                      |

#### b) Factors affecting current tax charge

The tax assessed for the year is lower (2013: lower) than that resulting from applying the standard rate of corporation tax in the UK 21.50% (2013: 23.50%). The differences are explained below:

|                                                | 1 January 2014<br>to 31<br>December<br>2014<br>£ | 1 July 2012 to<br>31 December<br>2013<br>£ |
|------------------------------------------------|--------------------------------------------------|--------------------------------------------|
| Profit on ordinary activities before taxation  | <u>318,082</u>                                   | <u>490,533</u>                             |
| Theoretical tax at UK corporation tax rate     | 68,388                                           | 115,275                                    |
| Effects of:                                    |                                                  |                                            |
| Capital allowances in excess of depreciation   | (68,388)                                         | (113,015)                                  |
| Adjustment in respect of prior periods         | 40,989                                           | -                                          |
| Utilisation of adjusted brought forward losses | -                                                | (2,260)                                    |
| <b>Total current tax</b>                       | <u><u>40,989</u></u>                             | <u><u>-</u></u>                            |

#### c) Factors which may affect future tax charges

Reductions in the UK corporation tax rate to 21% (effective from 1 April 2014) and 20% (effective from 1 April 2015) were substantively enacted on 2 July 2013. This will reduce the Company's future current tax charge accordingly. The deferred tax asset at 31 December 2014 has been calculated based on the substantively enacted rates at the balance sheet date.
