STOWE WAREHOUSING LTD NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 DECEMBER 2002

1. ACCOUNTING POLICIES

1a. Basis of accounting

The accounts have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective June 2002).

1b. Tangible fixed assets

Fixed assets are shown at historical cost.

Depreciation is provided on cost, less estimated residual value, and is applied to write off assets evenly over their estimated useful life as follows:

	2002	2001
	%	%
Plant and equipment	10	10
Fixtures and fittings	25	25

1c. Stocks

Stocks are stated at the lower of cost and net realisable value. Cost incurred in bringing each product to its present location and condition is based on purchase cost on a first-in, first-out basis, including transport.

ld. Taxation

Corporation tax payable is provided on taxable profits at the current rate.

Advance corporation tax payable on dividends paid or provided for in the year is written off.

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
