Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

RESULTS AND DIVIDENDS.

The directors do not recommend the payment of a final dividend.

The profit transferred to reserves is £ (2) Loss

The directors consider that the next financial year will be one of difficult trading conditions. Their aim is to continue management policies to enable the company to maintain profitability.
