The principal activity of the company is transportation.

Small companies provision statement

This report has been prepared in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006.

Approved by the Board on 29 June 2019 and signed on its behalf by:

.....
Mr Bartosz Marek
Director

**Accountants' Report to the Director on the Preparation of the Unaudited Statutory
Accounts of
AimTrans Ltd
for the Year Ended 31 August 2018**

In order to assist you to fulfil your duties under the Companies Act 2006, we have prepared for your approval the accounts of AimTrans Ltd for the year ended 31 August 2018 as set out on pages 4 to 8 from the company's accounting records and from information and explanations you have given us.

As a practising member firm of the Association of Accounting Technicians (MAAT) we are subject to its ethical and other professional requirements which are detailed at
https://www.aat.org.uk/sites/default/files/assets/AAT_Code_of_Professional_Ethics.pdf

This report is made solely to the Board of Directors of AimTrans Ltd, as a body, in accordance with the terms of our engagement letter. Our work has been undertaken solely to prepare for your approval the accounts of AimTrans Ltd and state those matters that we have agreed to state to the Board of Directors of AimTrans Ltd, as a body, in this report in accordance with ICAEW Technical Release 07/16 AAF. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than AimTrans Ltd and its Board of Directors as a body for our work or for this report.

It is your duty to ensure that AimTrans Ltd has kept adequate accounting records and to prepare statutory accounts that give a true and fair view of the assets, liabilities, financial position and profit of AimTrans Ltd. You consider that AimTrans Ltd is exempt from the statutory audit requirement for the year.

AimTrans Ltd

Notes to the Financial Statements for the Year Ended 31 August 2018

1 General information

The company is a private company limited by share capital incorporated in England and Wales .

The address of its registered office is:

2 Strawberry Lane
Lichfield
WS14 9GR

These financial statements were authorised for issue by the director on 29 June 2019.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the Company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts and after eliminating sales within the company.

The Company recognises revenue when:

The amount of revenue can be reliably measured;

it is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the Company's activities.

Tax

The tax expense for the period comprises current tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

AimTrans Ltd

Notes to the Financial Statements for the Year Ended 31 August 2018

Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

| Asset class | Depreciation method and rate |
|--------------------|-------------------------------------|
| Motor vehicles | 20% Straight Line Method |

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade debtors

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the Company will not be able to collect all amounts due according to the original terms of the receivables.

Trade creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Dividends

Dividend distribution to the company's shareholders is recognised as a liability in the financial statements in the reporting period in which the dividends are declared.
