INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT

ABOUT US – THE BUSINESS MODEL AND STRATEGY

International Entertainment Holdings Limited (the "Group") is an international holding group majority owned by Providence Equity Partners. The principal activity of the Group is to hold companies that carry out complementary activities across the value chain of live entertainment and theatre-related activity, principally in the UK, USA, Continental Europe and Australia. The Group considers that these markets have significant potential for growth and forms the basis for the Group's strategy of further growth and expansion.

The Group is made up of several companies that are run independently:

- The Ambassador Theatre Group Limited (ATG) is a global leader in live entertainment. ATG currently owns and operates 46 venues across the UK, USA and Germany, is an internationally recognised award-winning producer and operates its own theatre ticketing business operation. Of the 46 venues, 31 are located in the UK, with coverage across England and Scotland, with a further two venues at Stockton and Swansea to be fully operational in the coming years. This will give ATG a presence in Wales and increase the number of UK venues to 33. The remaining 15 venues are located in the USA and Germany with ten and five venues respectively. The most notable international venue being the Lyric on Broadway. This being the home to the multi-Toni Award winning play, Harry Potter and the Cursed Child. In the autumn of 2019 the success at the Lyric is to be replicated at The Curran in San Francisco when it will also open its doors to Harry Potter and the Cursed Child. During the year, the Smart Financial Center (SFC) -a state-of-the-art, indoor performance venue was acquired, bringing the number of US venues to 10, and in total globally to 49, once Stockton and Swansea go live in the coming years.
- Mehr!-BB Entertainment GmbH and BB Group GmbH, collectively referred to as Mehr!-BB, is focused on Continental Europe operations. Mehr!-BB was formed by the merger of the Mehr! Group (Mehr!) (acquired in May 2018) with the BB Entertainment Group of companies (acquired in May 2015). The acquisition of Mehr! added five venues to the IEH Group, covering key locations in Germany (Berlin, Dusseldorf, Cologne, Hamburg and Bochum). Mehr!-BB's business model is directly aligned to the business of ATG, covering, venues, ticketing, marketing and content production. In March 2020 the Hamburg theatre will also become home to Harry Potter and the Cursed Child. Mehr!-BB's in-house and co-productions are shown on stages in over 35 countries on six continents, with core markets being Germany, Austria and Switzerland.

ABOUT US – THE BUSINESS MODEL AND STRATEGY (continued)

- Sonia Friedman Productions Limited (SFP), is an independent subsidiary focused on the development of theatrical productions on Broadway and in the West End. SFP is responsible for some of the most successful productions, which in aggregate have won 55 Olivier Awards, 24 Tony Awards and 2 BAFTAS.
- The AKA Group (AKA), is headquartered in London with offices in Australia and the USA. AKA is a market leading international communications network serving the entertainment, cultural and film industries. The AKA Group provides integrated marketing, media, digital and creative services to clients across theatre, museums, galleries, attractions, film studios and cultural institutions as well as servicing ATG and their third-party customers.

The directors see the Group as strongly placed for future success, with its complementary activities and operations located in each of the key theatrical markets across the world.

REVIEW OF FY19

Highlights of FY19	Acquisitions	Content	Dividend	Funding
	•Geographical expansion through the completed acquisitions of Mehrl, Ambassadors and SFC, increasing the no. of venues to 46	•Expansion through the continued roll out of Harry Potter and the Cursed Child in San Francisco and Hamburg as well as the world premier of Moulin Rouge at the Boston Colonial	•Dividend of £10.9m paid out to shareholders	•Refinancing of the business making additional funds available for acquisitions and investments

The period to 30 March 2019 has been a year of continued transformation and integration for the Group, with a review of all areas of the business to ensure the foundations of the business are sufficiently robust to support the growth aspirations of the directors and shareholders.

STRATEGIC REPORT (CONTINUED)

REVIEW OF FY19 (continued)

This focus and leadership have transcended into the Group performing at improved levels of profitability, with 2019 being not only the best year as a combined group, but the best year for some individual member companies of the Group. Furthermore, as highlighted by the KPI analysis below, all areas of performance are in-line with the directors' expectations, with the most satisfactory performance being the growth in the non-financial indicators.

The loss after tax for the period of £31.5 million (2018: £25.1 million) is higher than last year driven by the one-off losses on the unwind of the US financing structure that related to the Saenger Theatre in New Orleans £17.2 million (2018: nil) and the £18.7 million loss (2018: nil) on the fair value of the borrowings, following the Group's refinancing in the period. With these two items added back, then the Group would have recorded a profit in the year of £4.4 million (2018: Loss £25.1 million).

Capital structure and investment

The capital structure of the Group has also been reviewed and following an amendment of the external bank debt, the Group was further funded to support continued growth. At the period end, the business has £75.0 million undrawn on its facilities. During the financial period, the maturity date of these facilities was extended to 2023.

The business has continued its level of investments, both in property, plant and equipment and in investments in shows, with £23.4 million (2018: £43.9 million) invested in property, plant and equipment (refer to note 13) and £0.3 million (2018: £2.7 million) invested in shows.

New venues

During the period, the Colonial in Boston opened its doors to the world premiere of Moulin rouge with great success. ATG UK acquired the Ambassadors Theatre in London, the Mehr! Group in Germany and the Smart Financial Center in Texas.

Advanced ticket sales

The business has seen another year of increased advanced ticket sales, 2019: £139.0 million (2018: £128.2 million), which though shown as a current liability, is seen as a key indicator of the future success of the business, as it reaffirms that the directors believe in being able to provide appealing shows in its venues.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

KEY PERFORMANCE INDICATORS

The directors consider the financial and operational performance and position of the business using a range of financial and non-financial metrics. In relation to the previous financial period these have been updated to reflect management's view of the business.

Non-financial	Global Admissions 12,026,000 (2018: 9,822,000)	Global Occupancy 64.3% (2018: 61.0%)	Number of tickets sold 7,545,000 (2018: 7,051,000)
	Revenue £443.2m (2018: £367.5m)	Gross Margin less pass-through costs 63.3% (2018: 64.3%)	Operating profit £28.3m (2018: profit £22.1m)
Financial			

Non-Financial KPIs:

- Global admissions (number of people attending a performance that has matured within the relevant period) have grown by 22% year on year. Growth in admissions are driven both by the increase in our global venue portfolio as well as the strengthening in quality of content shown in our venues.
- Global occupancy has increased by 3.3% year on year, indicating the strengthening of the quality of our content. Our global occupancy of 64.3% indicates the further headroom for growth.
- Number of tickets sold (ticket sale transactions during the relevant period that may be for performances that mature beyond the relevant period), has increased year on year by 7%, driven by the growth in venues as well as the improvement of the content slate in the upcoming periods.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

Financial KPIs:

- Revenue has increased by £75.7 million from 2018, driven by the acquisition of Mehr and the success of Harry Potter and the Cursed Child in North America. Please refer to note 3 for geographical analysis of revenue.
- Gross Margin less pass-through costs has remained relatively stable above 60%. Management considers the 63.3% (2018 64.3%), a successful performance for the period on the back of local and international economic conditions. Pass-through costs comprise fees paid to third-party suppliers when they are engaged to perform part or all of a specific project, which are in-turn passed-on directly to clients. These costs predominantly include media and marketing related activities. Management therefore considers that gross-margin less pass-through costs gives a fairer reflection of the underlying margin of the business.
- Operating profit has also performed at a level satisfactory to the directors, with the business increasing operating profit for a second consecutive year, with an additional £6.2 million added year on year (2018: £28.5 million). This improvement has been driven in part by the successful completion of acquisitions in the period and the continued focus on managing the cost base of the group, which also growing the underlying revenue base.

FUTURE DEVELOPMENTS

Following a successful period for the Group, the directors continue to be optimistic on the continued growth of the business in future years. Whilst the focus continues to be maintaining its place as the global leader in live entertainment, adding new businesses where beneficial and complementary to the other members of the Group is also a key consideration in growing the business.

OVERVIEW ON BUSINESS OPERATIONS

The combined Group is focused on providing a high level of service to two groups of customers, comprised of producers as well as audience members. By ensuring that the end-to-end "customer journey" of our audience is a top priority, we will ensure that our venues are the best stages for the best content developed by both our own in-house as well as 3rd party producers.

Content Production

A key strategy of the Group's Content Production division is to find, secure, and produce high-quality shows for both ATG and third-party venues.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

The Group develops and produces new content in addition to co-producing and investing in and presenting content from independent producers. The Group, through its subsidiaries, presents an average of 40 productions a year.

SFP enjoyed another year of creative success, with *Harry Potter and the Cursed Child* winning 9 Olivier awards, the most awards ever received by a single production in Oliviers' history and 6 Tony awards. SFP opened *Harry Potter and the Cursed Child* in Melbourne and announced that the production will be opening in Hamburg and San Francisco. Other productions that opened during the year on Broadway include *The Ferryman* and *Ink*. Productions in the West End include *Fiddler on the Roof* and *All About Eve*.

ATG Productions had a strong year with *Pinter at the Pinter*, a season of Harold Pinter's one act plays, which was concluded by the production *Betrayal*. Other productions during the year were *9 to 5*, *Caroline or Change*, and *Ian at 80*. The run of *9 to 5* in the West End has been extended due to the box office success so far and a regional tour has also been announced. *Ian at 80* is a production starring Sir Ian McKellen, which will tour 80 theatres in the UK.

The combination of Mehrl Entertainment and the BB Group (Mehrl-BB) had a good year with touring shows including *Blue Man Group*, *Dirty Dancing*, Disney's *Beauty and the Beast*, *Mamma Mia* and the *Rocky Horror Show*. Mehrl-BB's long running sit-down show *Starlight Express* was refreshed and relaunched this year and has now been running for over 30 years. The new production of *Starlight Express* won PRG's Live Entertainment Award for Show of the Year. Mehrl-BB's production *Carmen La Cubana* was also nominated for the Show of the Year award.

Ticketing

The Group operates the largest theatre ticketing business in the UK and sells the majority of tickets to its shows through its own ticketing businesses. ATG Tickets, the Group's in-house ticketing business continues to grow across the Regional and London venues, while the ticketing agency business of the Group, LOVEtheatre.com continued to perform steadily in a competitive London marketplace. ATG Tickets has launched in the USA with tickets sold for the Colonial, Hudson and the Curran. We have invested significantly this year in improving our website to increase sales conversion and have also invested improving our customer relationship management capabilities, both of these investments will help to improve marketing investment efficacy.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

Marketing

The Group through its subsidiary companies of AKA Group, headquartered in London and BB Group, head-quartered in Mannheim, Germany, is able to offer a wide range of marketing services, which are in-line and complimentary to the Group's overall strategy. AKA, a global entertainment marketing and media advertising agency for the live entertainment, arts and cultural industries has offices in London, Manchester, New York and Australia. AKA has continued to support the Group's strategy of developing independent yet complementary business lines to provide a full-service experience to clients within the theatre and live entertainment industry. Furthermore, AKA has seen its business offering extend to further afield with clients not directly linked to the live entertainment industry, such as museums and zoological centres.

While alongside its production services, BB Group, via its subsidiary ESMS, provides marketing services for live entertainment in German-speaking Europe.

Venue Operations

The aim of our venue operations division is to provide a great service to both our producers and our audience members. We generate revenues from renting our venues to productions as well as selling food and beverages to our audience members.

In order to enhance our customers' theatre-going experience, we have continued to invest in improving the quality of our venues. Many of the Group's venues are historic buildings which have an important significance in their local areas. Investment in the maintenance of these buildings is central to the Group's custodianship of them for the benefits of future generations of audiences. The development and improvement of these venues to meet the needs and expectations of today's audiences and producers are equally important.

In the UK, the Group owns and operates some of the most iconic venues in the UK with 11 in London and 21 more across the regions. The Group operates ten theatres in the USA, including two Broadway venues (the Lyric and the Hudson), and 8 theatres in other US cities, including the Curran (San Francisco), which is due to open later in 2019 and the SFC was acquired during the financial year. The acquisition of Mehrl added five venues to the Group's portfolio.

In UK venues, we grew admissions by 4% for the year, resulting in over 8.6 million admissions for the year. Our goal in venue operations is to provide a stage to compelling content. The content presented in our West End venues won 50% of the awards at the 2019 Olivier ceremony, which is a testament to the talent of our producing clients and partners. Our regional venues in the UK had a strong year, with strong premium shows like *The Band*, *Matilda*, *Motown* and *Wicked*.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

In the US, our admissions grew to 1.9 million, up by c. 95% vs. the prior year. This was largely driven by strong content, including the Lyric on Broadway completing the first full year of Harry Potter and the Cursed Child, the opening of the Colonial with the world premiere of Moulin Rouge, strong regional tours like Hamilton at the Saenger in New Orleans, and the acquisition of SFC.

FINANCIAL POSITION

The position of the Group at the period-end is set out in the consolidated statement of financial position on pages 30 and 31, and in the related notes on pages 35 to 91.

Highlights

Net Senior Debt
£266.4 million
(2018: £191.4 million)

- Cash from operating activities has decreased by £34.1 million driven by a year on year operating profit increase of £6.2 million which is offset by a movement in working capital of £16.2 million. Provisions utilised of £17.1 million for completion of acquisition earnout payments have also negatively impacted the Group's operating cash.
- Investing cash flows include £28.5 million of capital expenditure and intangible assets invested to improve the quality of the venues as described above and to invest in operating infrastructure and systems, plus £0.3 million net investment in show investments in the period.
- The business debt facilities were refinanced during the period. Although net senior debt is higher year on year, the closing cash position of the group is £12.2 million higher which includes a decreased escrow balance of £7.4 million (2018: £20.1 million). During the period, no drawdowns were made on the RCF facility, resulting in £75.0 million being unutilised at the end of the year.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

STRATEGIC REPORT (CONTINUED)

Leverage and liquidity

The Group performed comfortably within its debt covenant throughout the period.

An amendment and restatement of senior debt was completed during the period, which extended the repayment terms to 2023.

Net Senior Debt at 30 March 2019 of £266.4 million (£358.0 million of senior debt, net of cash (excluding escrow) of £91.6 million) was £75.0 million higher than the balance of £191.4 million at 31 March 2018.

Cash As at 30 March 2019, the Group had cash and cash equivalents of £99.0 million (2018: £86.7 million), including escrow accounts which are held for use only in connection with specific productions. The Group also had additional available facilities of £75.0 million (2018: £39.0 million).

The cash balance increased by £12.2 million in the period.

£m	
Operating cash flows	45.7
Investing cash flows	(101.1)
Financing cash flows	64.3
Net cash flows	8.9
Impact of foreign exchange	3.3
Movement on cash balance	12.2

Financing cash flows include debt drawdowns of £100.0 million as a result of the amendment and restatement of senior debt completed during the period and the drawdown relating to the acquisition of the Smart Financial Centre, net of finance lease and short-term credit facility repayments of £4.3 million, and interest and financing fees paid of £12.7 million.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
STRATEGIC REPORT (CONTINUED)

Borrowings The Group has total available bank facilities of £433.0 million, of which £75.0 million remains undrawn at the period end.

The senior debt is secured by a debenture over the majority of the assets of the Group. The senior facilities agreement also requires the Group to comply with certain covenants. As at 30 March 2019 the Group was in compliance with its covenants.

The Group also has other debt items, which are secured against the assets of its shareholder, of £82.6 million (2018: £80.8 million). Interest is non-cash paying and accrues at a total rate of LIBOR plus 1.5%. That debt is secured over the assets of the Group's shareholder, and the facility expires in 2022.

There is a finance lease creditor of £89.7 million (2018: £89.0 million).

The maturity of the debt is shown in notes 19, 20 and 30 to the financial statements.

PRINCIPAL RISK AND UNCERTAINTIES

The Group's risks are monitored and managed through a framework of policies, procedures and internal controls. Policies and procedures are subject to board approval and ongoing review by management. The directors consider the following to be the Group's principal operational and financial risks as at the date of this report.

Operational Risks	Description	Mitigation
Downturn in theatre attendance	There are potential factors outside the Group's control that might impact theatre attendance such as the economic slowdowns or recessions or other extraordinary events like terrorist attacks. Historically, the theatre industry has proven to be resilient in the wake of unexpected events over previous periods.	The Group's aim is to attract customers with high quality productions and manage dark periods through nurturing and developing strong relationships with show producers, and investing in the development of new show content. A weaker pound as a result of Brexit and political tension has encouraged more theatre visits by overseas tourists. In order to mitigate the risk to the Group's customers arising from terrorist attacks, security measures have been increased at all ATG venues.
Lack of available opportunities for value creation	Acquisitions and new business ventures may not yield expected results if potential synergies and value creation opportunities are not successfully realised.	Management has significant experience of acquisition and integration activity and works with third party advisors to ensure that appropriate due diligence is carried out prior to acquisition, and that local laws and regulations are followed. Detailed, cross-functional plans are created to ensure that newly acquired businesses are effectively and efficiently integrated into the Group.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
STRATEGIC REPORT (CONTINUED)

Operational Risks (continued)	Description	Mitigation
Cyber security	The rapid pace of change in technology has evolved the Group's operations but it has also created a sophisticated and complex set of security issues.	Threat management tools which were rolled out across the Group are continuously reviewed and maintained by internal and external third party specialists.
Financial Risks	Description	Mitigation
Liquidity risk	Liquidity risk is the risk that cash may not be available to pay obligations when they fall due.	The Group monitors its liquidity requirements closely to ensure that there are sufficient funds. In addition, compliance with the covenants in the senior facilities agreement is monitored.
Interest rate risk	The Group has significant levels of floating rate borrowings and is therefore exposed to the impact of interest rate fluctuations.	The Group monitors its exposure to this risk on a regular basis and is in the process of implementing new treasury policies, which will govern the level of debt that the business should be exposed to, while considering the cost/benefit of entering into interest rate swap arrangements.
Foreign exchange risk	Foreign exchange risk is the risk of volatility due to a change in foreign currency exchange rates.	The Group's activities, particularly within the USA, Germany and Australia, expose it to an element of financial risk of change in foreign currency exchange rates. The US dollar exposure acts as a natural hedge for our US-backed investors and the Euro and Australian Dollar exposure is limited.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
STRATEGIC REPORT (CONTINUED)

Operational Risks (continued)	Description	Mitigation
Credit risk	Credit risk is the risk that a counterparty will be unable to pay amounts in full when due.	<p>The majority of ticket sales are to the general public who pay for their tickets in advance of shows taking place, and there is therefore limited credit risk attached to these sales.</p> <p>There are also sales via third party agents, with whom the Group has long standing relationships. There is close monitoring of debtors who fail to pay within the Group's contractual payment terms. Cash is invested with a number of different banking partners, thereby reducing the risk of concentration.</p>

Financial risk management is discussed further in note 29.

CORPORATE AND SOCIAL RESPONSIBILITY

ENVIRONMENTAL MATTERS

The Group recognises the importance of its environmental responsibilities, monitors its impact on the environment, and designs and implements appropriate policies to minimise any damage that might be caused by the Group's activities.

As reported in the 2018 annual report, venues are required to complete their own *Project Blackout* surveys at least annually. The project identifies overnight energy waste issues and engages with senior management, venue staff and the Group's Environmental Ambassadors to implement simple "switch off" solutions. Results of the surveys highlight continued installation of LED bulbs, including sensor controls, with some venues progressing to quarterly mini-blackout surveys. In the US, the Lyric Theatre and Kings Theatre, both use LED bulbs in lobbies and the auditorium. There are programmed night modes around the venues to reduce energy consumption. Procedural and behavioural change remains the focus for continual improvement for energy efficiency.

Our People

Number of employees at 30 March 2019	Women	Men	Total
Directors of the company	1	4	5
Other senior management	26	42	68
Employees	3,039	2,436	5,475

The Group complies with all relevant legislation including those specifically targeted at preventing discrimination. Such principles are embedded through the organisation by the requisite policies. The Group is committed to ensuring the health, safety and welfare of its employees as far as is reasonably practicable. The Group seeks to ensure that statutory duties are met at all times and that it operates effective health and safety management.

The Group's policy is to consult and discuss with employees, through unions, staff councils, meetings and company-wide surveys, matters likely to affect employees' interests. Information on matters of concern to employees is given through information bulletins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the Group's performance.

The Group continues to run its "Be a Star" and "Be a Star Manager" training programmes, focusing on Front of House and Box Office staff from when they join the Group, developing their skills to

improve customer experience, and further along the line, the key aspects of people management. The Group also runs a two year "Rising Star" programme for some of our highest potential junior staff as well as a leadership course for senior managers "Leading Lights".

The Group's policy is to recruit disabled workers for those vacancies that they are able to fill. All necessary assistance with initial training courses is given. Once employed, a career plan is developed so as to ensure suitable opportunities for each disabled person. Arrangements are made, wherever possible, for retraining employees who become disabled, to enable them to perform work identified as appropriate to their aptitudes and abilities.

Social and Community Involvement

The Group recognises that regional theatres, both in the UK and USA, are rooted in the heart of their local communities.

Many of the UK regional theatres have Creative Learning departments which take a leading role in contributing to the social cohesion of their communities in partnership with charities, trusts and organisations nationwide, including several local authorities and further education partners. Over the course of a year, Creative Learning can boast more than 70,000 participants of all ages and abilities throughout the UK.

People of a wide variety of ages and abilities participate in the Group's Creative Learning activities. Often inspired by the productions at venues, these can include workshops with visiting companies, backstage tours and pre-show talks, and also Youth Theatres, summer schools and classes for adults. In addition to this, many regional venues are used for several weeks a year by local amateur production companies.

In the USA, in addition to being a leading sponsor, the Majestic Theatre works closely with the Las Casas Foundation in the Foundation's efforts to produce the Joci Awards which provide over \$100,000 in scholarship money to students towards college. The Las Casas Foundation also holds Camp Broadway for children ages 10 -17 in the Charline McCombs Empire Theatre every August. The theatre also continues to work with the San Antonio Symphony presenting a series of concerts featuring major motion pictures with the orchestra playing the score live along with the film.

The Saenger Theatre presents an annual Broadway Series in conjunction with New Orleans Theatre Association, a non-profit organisation that awards scholarships and provides funding to provide musical instruments for youth in the area. The theatre also hosts a charitable event, Toys for Tots, designed to collect holiday gifts for disadvantaged children in the New Orleans metropolitan area.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

DIRECTORS' REPORT

The Directors present their report and the financial statements for the period ended 30 March 2019. The directors consider the annual report and financial statements to comply with all aspects of the "Guidelines for Disclosure and Transparency in Private Equity".

DIRECTORS

The directors who served during the period and to the date of signing the financial statements (except as noted) were:

Anthony Ball

Mark Cornell

Siniša Krnić

David Leigh

Robert Sudo

ShanMae Teo

Andrew Tisdale

The biographies of the current directors are presented on page 23.

The Group is majority owned by Providence Equity Partners through its investment funds, Providence Equity Partners VII-A LP and Providence VII Global Holdings LP. Providence Equity Partners is a global alternative investment firm established in 1989 focused on education, media, communications, and information investments. The firm's private equity platform specialises in sector-focused buyout transactions and growth capital investments. Providence Equity Partners made its investment in the Group through IE Luxco S.à.r.l.

DIRECTORS' INDEMNITIES

The Company has made qualifying third-party indemnity provisions for the benefit of its directors which were made during the period and remain in force at the date of this report.

RESULTS AND DIVIDENDS

The loss for the period after taxation amounted to £31.5 million (2018: £25.1 million).

£10.9 million dividends have been paid during the current period (2018: £nil). No dividends are proposed in respect to the current period.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

DIRECTORS' REPORT (CONTINUED)

GOING CONCERN BASIS

The financial statements have been prepared on the going concern basis.

The Group has net current liabilities of £117.9 million (2018: £72.6 million) and net assets of £69.9 million (2018: £105.1 million) at the period-end date. Net current liabilities include advanced ticket sales of £139.0 million (2018: £128.2 million), which represents ticket sales for shows that have yet to mature with a portion of this amount due to flow to the Group. The Group has cash-settled liabilities due within one year of £124.1 million which are exceeded by current assets of £163.3 million. Excluding the cash escrow accounts of £7.4 million, reduces this headroom to £155.9 million. The Group is obliged to meet financial covenants as part of arranging senior debt. These covenants are being met with comfortable headroom and forecasts indicate that this will continue to be the case.

In addition, the Group benefits from long-established relationships with major producers of shows and a network of supplier contracts across different geographic areas. Shows go on sale up to 18 months before the first performance date which helps mitigate risk, provides financial security and helps the Group monitor and forecast future performance.

Having prepared forecasts to cover the 12 months subsequent to the date of signing the financial statements, the directors have a reasonable expectation that the Company and Group has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

MATTERS COVERED IN THE STRATEGIC REPORT

Certain matters (post balance sheet events, future developments, principal risks and uncertainties and employee matters) are discussed within the Strategic Report, and incorporated into the Directors' Report by reference.

DIRECTORS' RESPONSIBILITY STATEMENT

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, International Accounting Standard 1 requires that directors:

- properly select and apply accounting policies;
- present information, including accounting policies, in a manner that provides relevant, reliable, comparable and understandable information;
- provide additional disclosures when compliance with the specific requirements in IFRSs are insufficient to enable users to understand the impact of particular transactions, other events and conditions on the entity's financial position and financial performance; and
- make an assessment of the Company's ability to continue as a going concern.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

We confirm that to the best of our knowledge:

- the financial statements, prepared in accordance with the relevant financial reporting framework, give a true and fair view of the assets, liabilities, financial position and profit or loss of the Company and the undertakings included in the consolidation taken as a whole;

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
DIRECTORS' RESPONSIBILITY STATEMENT (CONTINUED)

- the Strategic Report includes a fair review of the development and performance of the business and the position of the Company and the undertakings included in the consolidation taken as a whole, together with a description of the principal risks and uncertainties that they face; and
- the annual report and financial statements, taken as a whole, are fair, balanced and understandable and provide the information necessary for shareholders to assess the Company's performance, business model and strategy.

This responsibility statement was approved by the Board of Directors on 9 July 2019 and is signed on its behalf by.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

Report on the audit of financial statements

Opinion

In our opinion:

- the financial statements of International Entertainment Holdings Limited (the 'parent company') and its subsidiaries (the 'group') give a true and fair view of the group's and of the parent company's affairs as at 30 March 2019 and of the group's loss for the 52 week period then ended;
- the group financial statements have been properly prepared in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union;
- the parent company financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the consolidated statement of comprehensive income;
- the consolidated and parent company statements of financial position;
- the consolidated and parent company statements of changes in equity;
- the consolidated statement of cash flows;
- the related notes 1 to 33.

The financial reporting framework that has been applied in their preparation is applicable law and IFRSs as adopted by the European Union and, as regards the parent company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the group and the parent company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We are required by ISAs (UK) to report in respect of the following matters where:

- the directors' use of the going concern basis of accounting in preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

We have nothing to report in respect of these matters.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED

- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the group and of the parent company and their environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

General information

International Entertainment Holdings Limited (the "Group") is a Company limited by shares, incorporated in the United Kingdom under the Companies Act and is registered in England and Wales. The address of the registered office is 28 St. George Street, London, W1S 2FA, United Kingdom.

The principal activities of the company and its subsidiaries (the Group) and the nature of the Group's operations are set out in the strategic reports on pages 2 to 17.

These financial statements are presented in pounds sterling because that is the currency of the primary economic environment in which the group operates.

Adoption of new and revised standards

Amendments to IFRSs that are mandatorily effective for the current period

In the current year, the Group has applied a number of amendments to IFRSs and a new Interpretation issued by the International Accounting Standards Board (IASB) that are mandatorily effective for an accounting period that begins on or after 1 January 2019.

The following new and amended IFRSs were effective during the period but had no material effect on the results or position of the Group and Company for the period or comparative period:

- IFRS 9 'Financial instruments'
- IFRS 15, 'Revenue from contracts with customers'; and Amendments to IFRS 15, 'Revenue from contracts with customers'

IFRS 9 Financial Instruments

IFRS 9 replaces the provision of IAS 39 that relate to the recognition, classification and measurement of financial assets and financial liability, derecognition of financial instruments, impairment of financial assets and hedge accounting.

IFRS 9 introduces an 'expected loss' model for recognising impairment of financial assets held at amortised cost. This is different from IAS 39, which had an incurred loss model where provisions were recognised only when there was objective evidence of impairment. This change of approach requires the Group to consider forward-looking information to calculate expected credit losses regardless of whether there has been an impairment trigger. The adoption of IFRS 9 from 1 January 2018 resulted in no adjustments to the amounts recognised in the financial statements. In accordance with the transitional provisions, comparative figures have not been restated.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

IFRS 9 Financial Instruments (continued)

The application of IFRS 9 has also not resulted in a significant increase of impairment of financial assets measured at amortised cost in the current year as compared to impairment recognised under previous accounting policies. The Group has also considered the changes to classification and measurement of financial assets and liabilities and has concluded that the only material impact is in relation to the re-finance of the loan as detailed in note 19.

IFRS 15

The Group has adopted IFRS 15 Revenue from Contracts with Customers.

IFRS 15 did not have a material impact on the timing of revenue recognition for all revenue streams on the basis that the Group's business does not typically involve long-term, multi-obligation contracts with customers. There were no adjustments to the amounts recognised in the financial statements and no restatement of the comparative for the prior financial year.

New and revised IFRSs in issue but not yet effective

At the date of authorisation of these financial statements the Group has not applied the following new and revised IFRSs that have been issued but are not yet effective:

- | | |
|-------------------------------------|--|
| - IFRS 16 | - Leases |
| - Amendments to IAS 12 | - Income taxes on Recognition of deferred tax assets for unrealised losses |
| - Amendments to IFRS 2 | - 'Share-based payments', on clarifying how to account for certain types of share-based payment transactions |
| - Amendments to IFRS 4 | - Insurance contracts' |
| - Amendments to IAS 40 | - Investment property' |
| - Annual Improvements 2014-16 cycle | |
| - Amendments to IFRS 10 and IAS 28 | - Sale or Contribution of Assets between an investor and its Associate or Joint Venture' |
| - IFRIC 22 | - Foreign currency transactions and advance consideration |
| - IFRIC 23 | - Uncertainty of Income Tax Treatments' |

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

New and revised IFRSs in issue but not yet effective (continued)

The directors do not expect that the adoption of the Standards listed above will, once adopted, have a material impact on the financial statements of the Group in future periods, except as noted below:

IFRS 16 Leases

IFRS 16 sets out the principles for the recognition, measurement, preparation and disclosure of leases for both parties to a contract, i.e. the customer ("lessee") and the supplier ("lessor"). It will result in leases being recognised on the balance sheet by lessees, as the distinction between operating and finance leases is removed. Under the new standard, an asset (the right to use the leased item) and a financial liability to pay rentals are recognised. The only exceptions are short-term and low-value leases.

The Group will apply the standard from its mandatory adoption date of 31 March 2019. It intends to apply the simplified transition approach and will not restate comparative amounts for the year prior to first adoption. *Right-of-use assets will be measured at the amount of the lease liability on adoption (adjusted for any prepaid or accrued lease expenses).*

A preliminary assessment indicates that the Group expects to recognise right-of-use assets and lease liabilities (after adjustments for prepayments and accrued lease payments) of respectively and approximately £142 million and £143 million on 31 March 2019.

Depreciation of property, plant and equipment and finance costs are expected to increase by approximately £6.1 million and £11.3 million respectively as a result of adopting the new rules. This standard is not expected to have a significant effect on the Group's financial statements.

1 Significant accounting policies

Basis of accounting

The financial statements have been prepared in accordance with International Financial Reporting Standards (IFRSs). The financial statements have also been prepared in accordance with IFRSs adopted by the European Union and therefore the Group financial statements comply with Article 4 of the EU IAS Regulation.

The Company has taken advantage of the exemption contained within section 408 of the Companies Act 2006 not to present its own Statement of Comprehensive Income and related notes. The profit for the year dealt with in the financial statements of the Company was £nil (2018: £nil).

The financial statements have been prepared on the historical cost basis, except for financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of IFRS 2, leasing transactions that are within the scope of IAS 17, and measurements that have some similarities to fair value but are not fair value, such as net realisable value in IAS 2 or value in use in IAS 36.

Operating results

The operating results include transactions up to and including the Saturday on or preceding 31 March of each period.

Going concern

The directors have, at the time of approving the financial statements, a reasonable expectation that the Company and the Group have adequate resources to continue in operational existence

Significant accounting policies (continued)

for the foreseeable future. Thus, they continue to adopt the going concern basis of accounting in preparing the financial statements. Further details of which can be found in the Directors' Report, on page 19.

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company (its subsidiaries). Control is achieved when the Company has the power over the investee, is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to use its power to affect its returns.

The results of subsidiaries acquired or disposed of during the period are included in the Consolidated Statement of Comprehensive Income from the date the Company gains control until the date when the Company ceases to control the subsidiary.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between the members of the Group are eliminated on consolidation.

Non-controlling interests in subsidiaries are identified separately from the Group's equity therein. Those interests of non-controlling shareholders that are present ownership interests are initially measured at the non-controlling interests' proportionate share of the fair value of the acquiree's identifiable net assets. Subsequent to acquisition, the carrying amount of non-controlling interests is the amount of those interests at initial recognition plus the non-controlling interests' share of subsequent changes in equity.

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

Business Combinations

Acquisitions of subsidiaries are accounted for using the acquisition method. The consideration transferred in a business combination is measured at fair value. Acquisition-related costs are recognised in profit or loss as incurred.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquire (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Contingent consideration is measured at its acquisition-date fair value and included as part of the consideration transferred in a business combination. Changes in fair value of the contingent consideration that qualify as measurement period adjustments are adjusted retrospectively, with corresponding adjustments against goodwill. Measurement period adjustments are adjustments that arise from additional information obtained during a maximum period which cannot exceed one year from the acquisition date about facts and circumstances that existed at the acquisition date. Where changes occur to contingent consideration that is classified as an asset or liability, that do not qualify as measurement period adjustments, the contingent consideration is remeasured at subsequent reporting dates with the corresponding gain or loss being recognised in profit or loss. To the extent that the terms of contingent consideration arrangements include service conditions, consideration is treated as a cost of employment and is recognised over the period to which the service conditions relate.

The Group reports provisional amounts until the measurement period is completed.

Investments

Investments in subsidiaries are valued at cost less provision for impairment.

Associates and joint arrangements

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor an interest in a joint venture. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint arrangement is an arrangement of which two or more parties have joint control. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities (i.e. activities that significantly affect the returns of the arrangement) require the unanimous consent of the parties sharing control. Joint arrangements are classified into two types - joint operations and joint ventures.

A joint operation is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint operators) have rights to the assets, and obligations for the liabilities, relating to the arrangement. A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement (i.e. joint venturers) have rights to the net assets of the arrangement. The type of joint arrangement is assessed by considering its rights and obligations, by considering the structure and legal form of the arrangement, the contractual terms agreed to by the parties to the arrangement and, when relevant, other facts and circumstances.

The assets and liabilities (and related revenues and expenses) of joint operations are recognised in proportion to the interest in the arrangement.

The results and assets and liabilities of associates and joint ventures are incorporated in these financial statements using the equity method of accounting. Under the equity method, an investment in an associate is initially recognised in the consolidated Statement of Financial Position at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate), the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Goodwill

Goodwill is not amortised but is reviewed for impairment at least annually.

For the purpose of impairment testing, goodwill is allocated to each of the Group's cash-generating units expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Impairment of non-current assets

At each balance sheet date, the Group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. Goodwill is reviewed for impairment at least annually.

For the purpose of impairment testing, goodwill is allocated, at acquisition, to the cash generating units (CGUs) or group of units that are expected to benefit from that business combination.

An impairment loss is recognised if the carrying amount of the asset under consideration exceeds its recoverable amount. Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a discount rate that reflects current market assessments of the time value of money and the risks specific to the asset.

If the recoverable amount of the cash-generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. An impairment loss recognised for goodwill is not reversed in a subsequent period.

Investments in shows and co-production arrangements

Investments in shows are stated at cost less amounts recouped to date, and provisions for any amounts which the directors do not believe are recoverable.

Production arrangements are reviewed on a production-by-production basis and treated based on the principles outlined above as either a subsidiary, an associate or joint venture or joint arrangement.

Property, plant and equipment

Property, plant and equipment are stated at cost less depreciation and accumulated impairments. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, on a straight-line basis over their expected useful lives as follows:

Freehold buildings	40 to 50 years
Leasehold property	Shorter of leasehold term and useful life of 40 to 50 years
Fixtures and fittings	4 - 10 years, or over the period to the end of the lease of the theatre if this is shorter

No depreciation is applied to the cost of assets in the course of construction. Freehold land is not depreciated.

Intangible assets

Intangible assets all have finite lives and are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight-line basis over their estimated useful lives and is recognised in the administrative expenses line item.

The amortisation period for software is 4 years. The estimated life of other intangible assets is considered on an asset-by-asset basis and is up to 10 years.

Inventory

Inventory is valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving items.

FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

Financial instruments

Financial assets and financial liabilities are recognised in the Consolidated Statement of Financial Position when the Group becomes a party to the contractual provisions of the instrument, and are initially measured at fair value.

Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, other than financial assets and financial liabilities at fair value through profit or loss ("FVTPL"), are added to, or deducted from, the fair value of the financial assets or financial liabilities on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in profit or loss.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances, call deposits and escrow-type accounts. Bank overdrafts that are repayable on demand and form an integral part of the Group's cash management are included as a component of cash and cash equivalents for the purpose of the Statement of cash flows.

Trade receivables and accrued income

Trade receivables and accrued income are classified as loans and receivables and are measured at amortised cost using the effective interest method, less any impairment. Since trade receivables and accrued income are typically due within one year, and the effect of any effective interest is immaterial, this equates to initial carrying value less any impairment.

Borrowings

Loans and Borrowings are initially measured at fair value, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis. The effective interest rate is a method of calculating the amortised cost of a financial liability and of allocated interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

Trade payables and accruals

Trade payables and accruals are classified as loans and receivables and are measured at amortised cost using the effective interest method. Since trade payables and accruals are typically due within one year, and the effective of any effective interest is immaterial, this equates to initial carrying value.

Financial guarantees

Financial guarantee contracts are accounted for as insurance contracts.

Deferred income

Amounts received by the Group for services performed in future are classified as deferred income and recognised in the Consolidated Statement of Comprehensive Income when the service is performed.

Retirement benefits

Payments to defined contribution retirement benefit schemes are recognised as an expense when employees have rendered service entitling them to the contributions. Differences between contributions payable in the period and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Retirement benefits (continued)

Where there are defined benefit schemes, if a retirement benefit obligation arises, it is recognised at fair value, net of any scheme assets, in the Consolidated Statement of Financial Position. Finance charges on the unwinding of discounted scheme obligations are recognised in the Consolidated Statement of Comprehensive Income, with any actuarial differences arising being recognised in Other Comprehensive Income.

Revenue

Revenue is recognised at the fair value of the consideration received or receivable and represents amounts receivable for goods and services provided in the normal course of business, net of discounts, VAT and other sales-related taxes. Revenue for the Group comprises several elements, including:

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

Venue rental and production-related services

Charges to productions in respect of services provided (such as venue rental and staffing, brochure production and accounting services) are recognised net of sales taxes as those services are provided.

Revenue from production-related services is recognised at the date of performance of the show, until which time it is held on the Statement of Financial Position as Deferred Income.

Promotional services

The Group acts as promoter for self-produced shows and shows produced by third parties. Revenue from these services is recognised at fair value of consideration received, net of sales taxes, at the date of performance of the show.

Marketing services

Revenue from the provision of marketing services is recognised at the fair value of the consideration received or receivable. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates. Marketing services revenue is recognised net of sales taxes over the period that services are provided or as recoverable costs are incurred, in accordance with the terms of the contractual agreement. When recorded marketing services revenue exceeds the amounts invoiced to client, the excess is classified as accrued income.

Revenue (continued)

Ticket sales

Revenue from ticket sales represents the revenue earned from commissions, credit card charges and similar charges. This revenue is recognised at the date the ticket is sold.

Revenue from ticket sales where the Group is acting as selling agent (whether for its own theatres or for other UK venues) includes booking fees, commissions, and similar additional income charged at the point of sale. These amounts are recognised net of any sales taxes at the transaction date. Such revenue is recognised as an agent rather than principal transaction, and so excludes the face value of the tickets sold.

Retail sales

Revenue from concession sales to customers at the Group's venues is recognised net of sales taxes at the point of sale.

Other revenue

The Group provides various other services on an ad hoc basis, all of which are related to its principal activity. Related revenue is recognised at fair value over the period that such services are performed and performance obligations are met.

Joint operations

In relation to co-production arrangements, where a controlling or joint operation interest is held, revenue includes the Group's share of revenue for the production. Where no controlling interest is held turnover represents net income from productions. Where equity accounting is applied, the share of profit or loss is disclosed in the "share of results of associates and joint ventures" line.

Government grants

Income from government grants is recognised as deferred income and released to the Consolidated Statement of Comprehensive Income as the attached conditions are satisfied. Where the grant relates to procurement of an asset, the amount received is released to the Consolidated Statement of Comprehensive Income over the useful life of the asset against associated depreciation.

Leases

Finance leases are those where substantially all of the risks and rewards of ownership are assumed by the Group.

Assets held under finance leases are recognised as assets of the Group at their fair value or, if lower, at the present value of the minimum lease payments, each determined at the inception of the lease. The corresponding liability to the lessor is included in the Consolidated as a finance lease obligation.

The finance element of the rental payment is charged to the Consolidated Statement of Comprehensive Income as interest payable in order to reflect the imputed cost of finance on the net obligation outstanding in each period.

Rentals under operating leases are charged to the Consolidated Statement of Comprehensive Income on a straight-line basis over the lease term. Lease incentives are recognised as a liability and recognised as a reduction of rental expense on a straight-line basis over the lease term.

Foreign currencies

For the purpose of the consolidated financial statements, the results and financial position of each Group Company are expressed in pounds sterling, which is the functional currency of the Company, and the presentational currency for the consolidated financial statements.

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Such exchange gains and losses are recognised in profit or loss. Foreign exchange gains or losses on loans that are effectively investment instruments, such as where a parent Company makes a loan with no repayment terms to a subsidiary holding Company as part of acquisition consideration, are recognised in other comprehensive income.

Results of overseas subsidiaries are translated at average monthly rates. Assets and liabilities of overseas subsidiaries are translated at the rate ruling at the balance sheet date. Such exchange differences arising are recognised in the translation reserve and the Statement of Changes in Equity

Operating profit

Operating profit is stated after the share of results of associates but before finance income and costs, other gains and losses and taxes.

Finance income

Finance income is recognised in profit or loss in the period in which they are earned.

Finance costs

Finance costs are recognised in profit or loss in the period in which they are incurred.

Other gains and losses

Other gains and losses are recognised in profit or loss in the period in which they are incurred.

Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Current tax is based on taxable profit for the period calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill, from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit or investments in subsidiaries and associates, and interests in joint ventures, where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantively enacted at the financial period end date. A deferred tax

asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

Provisions

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

2 Critical accounting judgements and key sources of estimation uncertainty

In the application of the Group's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources.

The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

Carrying value of non-current assets

Notes receivable balances arise in relation to financing the redevelopment of venues via schemes created by the US government to encourage financial institutions to invest into redevelopment of historic buildings. Management assesses the recoverability of these assets to determine that the carrying value is appropriately supported, whether the asset will be recoverable either over the life of the instrument or by other means. Given the nature of the agreements, the cost of winding-up the arrangements at expiry is not a fixed amount, and therefore is uncertain. A meaningful sensitivity cannot be performed on the estimate involved due to the factors outside of the control of the Group.

Other gains and losses relate primarily to the unwind of the US tax credit structure, which was entered into in order to rebuild the Saenger Theatre, following its destruction during the passage of Hurricane Katrina in New Orleans. The unwind resulted in a net non-cash one-off loss of £17.2 million, which comprised of a one-off loss of £20.6 million as the value of the property (£31.0 million) was higher than the notes payable balance of (£10.4 million), which was waived by the City of New Orleans upon transfer of the property. This loss was offset by a net gain of £3.4 million from the initial transfer-in of the assets following the initial trigger of the unwind by the involved third parties.

The Finance Act 2016 provides for reductions in the main rate of corporation tax from 19% to 17% from 1 April 2020. These rate reductions have been reflected in the calculation of UK deferred tax at the balance sheet date as appropriate. The closing UK deferred tax liability as at 30 March 2019 has been calculated at 17% reflecting the tax rate at which the deferred tax liability is expected to become payable.

Deferred tax liabilities have not been recognised in respect of retained earnings of overseas subsidiaries. Retained earnings of overseas subsidiaries are expected to be reinvested indefinitely or remitted to the UK free from further taxation.

Deferred tax assets on carried forward unutilised losses in Australia of £2,270,000 (2018: £1,730,000) have not been recognised.

Joint Ventures

The Group has Interests in a number of individually immaterial Joint Ventures which take the form of both productions and businesses. Each investment is structured as a separate vehicle and the Group has a residual interest in the net assets of the investment. Accordingly, the Group has classified its interests as joint ventures. For some of the productions, the Group is entitled to less than 50% of the production earnings however the production agreement requires unanimous consent in decision making resulting in joint control.

The following table analyses, in aggregate, the carrying amount and share of total comprehensive income of these Joint Ventures.

The following companies have a year end date different to the Group's accounting financial year end of 30 March 2019:

- HP West End: 31 October 2018
- JB UK Tour II: 31 December 2018

This is as a result of the entities not falling under ATG and therefore structure is put in place in line with shareholder's expectations.

For the purposes of applying the equity method of accounting, the financial statements of HP West End (for the year ended 31 October 2018), and JB UK Tour II (for the year ended 31 December 2018) have been used, and appropriate adjustments have been made for significant transactions between those dates and the 30 March 2019.

The joint ventures are not restricted in their ability to transfer funds to the Group in the form of cash dividends, or to repay loans or advances by the entity.

12 Intangible assets – Group (continued)

Goodwill acquired in a business combination is allocated, at acquisition, to the cash generating units (CGUs) or group of units that are expected to benefit from that business combination. The carrying amount of goodwill had been allocated to the following Groups of CGUs:

	30 March 2019
	£'000
United Kingdom	254,456
USA	59,498
Mainland Europe	40,943
AKA	13,578
Total goodwill	368,475

The Group tests goodwill annually for impairment, or more frequently if there are indications that goodwill might be impaired. The recoverable amounts of the CGUs and the group of units are determined from value in use calculations.

The impairment reviews for United Kingdom, USA, Mainland Europe and AKA do not indicate any impairment is required. The values for the key assumptions were arrived at by taking into consideration historical information and comparison to external sources where appropriate, such as market rates for discount factors.

- Budgeted cash flows – the calculation of value in use has been based on the cash flows forecast in the 2020 three year plan growth assumptions, consistent with a fixed growth rate for the remaining two years for the subsequent years until 2024. Growth rates beyond this are in line with forecasts of the International Monetary Fund relevant to each geographical location.
- Pre-tax discount rates of between 7.68% (2018: 9.98%) and 7.78% (2018: 10.51%) were applied to each territory.
- Terminal growth rates of between 0.6% (2018: 2.60%) and 3.0% (2018: 2.70%) were applied to each territory.

The Group has conducted a sensitivity analysis on the growth rates included within the impairment model for each CGU. The sensitivity analysis resulted in no impairment for each CGU.

The Company has no Intangible assets (2018: £nil).

The Company had no trade and other receivables (2018: £nil).

All impaired trade receivables have been provided to the extent they are believed not to be recoverable. The maximum exposure to credit risk at the reporting date is the fair value of each class of receivable. The Group does not hold any collateral as security. Assets which are neither past due nor impaired are considered fully recoverable.

Analysis of trade receivable ageing

Credit risk management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Group. As of 30 March 2019, some of the Group's trade receivables were due and/or past due but not impaired. These relate to a number of independent customers with no material concentration within any one customer and no customers who are of particularly high risk of default. The ageing analysis of these trade receivables is as follows:

	30 March 2019	31 March 2018
	£'000	£'000
Up to 3 months	23,468	16,138
3 to 6 months	2,781	1,125
Over 6 months	5,719	5,547
Total	31,968	22,811

As of 30 March 2019, the Group also held past due trade receivables which had been provided for.

Up to 3 months	430	1,169
3 to 6 months	81	1,058
Over 6 months	37	748

Under IFRS 9, the Group is required to utilise objective evidence as well as consider forward looking information and the probability of default when calculating expected credit losses. The maturity of financial assets is therefore used as an indicator as to the probability of default. The adoption of IFRS 9 did not result in a material change in the loss allowance and impairments recognised under IFRS 9 compared to that held under IAS 39.

The bank loans – senior debt, are secured by a charge over the assets of International Entertainment Finance Limited, a subsidiary of the Company and the majority of its subsidiary undertakings. These loans bear interest at a rate which fluctuates in line with LIBOR with a margin ranging between 4.25% and 4.75% and are governed by a senior finance agreement with requisite covenants.

The Group also has other debt items, which are secured against the assets of its shareholder, of £82.6 million (2017: £80.8 million). Interest is non-cash paying and accrues at a total rate of LIBOR plus 1.5%. That debt is secured over the assets of the Group's shareholder, and the facility expires in 2020.

26 Acquisition of subsidiaries

During the period, the Group acquired 100% of the share capital of the following companies:

- Mehrl Entertainment GmbH (Germany)
- Theatre Management Holdings Limited (UK), and
- Arts Center Enterprises – Sugar Land, LLC, USA (referred to as Smart Financial Centre)

The Group also completed the acquisition of the remaining 10% of share capital in BB Group (Germany).

26.1 Mehrl Entertainment GmbH

On 25 May 2018, the Group acquired all of the issued share capital of Mehrl Entertainment GmbH ("Mehrl"), obtaining control of the entity and its subsidiaries. Mehrl, like the Ambassadors Theatre Group, another wholly owned subsidiary of the Group, combines the operation of venues, with content production, programming and ticketing for all of its venues. Mehrl currently operates five venues, namely, Hamburg Theatre, the Admiralspalast in Berlin, the Capitol Theatre in Dusseldorf, the Musical Dome in Cologne and the theatre in Bochum, which have been home to the long running musical Starlight Express. The acquisition of Mehrl supports the Group's strategy of acquiring and developing independently managed, complementary live entertainment and theatre-related activities, principally in the UK, USA, Germany and Australia.

Additional consideration is payable contingent on the commercial success of certain theatres and completion of licensing contract negotiations. It is expected that the consideration will be fully paid by the period ending 31 May 2021. Based on projected results and state of negotiations at acquisition the fair value of expected consideration payable at acquisition was deemed to be £12.1 million. The potential undiscounted amount of all future payments that the Group could be required to make under the contingent consideration arrangement is limited to £11.1 million.

Goodwill recognised consists of intangible benefits associated with the transaction but not eligible for separate recognition such as workforce expertise and synergies expected to be achieved. None of the goodwill is expected to be deductible for corporation tax purposes.

All assets and liabilities acquired were recognised at their fair value. There were no identifiable intangible assets.

Acquisition-related costs (included in administrative expenses) amounted to £Nil (2018: £1.2 million).

26.1 Mehr! Entertainment GmbH (continued)

Mehr! Entertainment GmbH contributed £44.6 million revenue and a loss of £0.3 million to the Group's profit for the period between the date of acquisition and the balance sheet date.

If the acquisition of Mehr! Entertainment GmbH had been completed on the first day of the financial year, group revenues for the year would have increased by £6.3 million and the group profit would have decreased by £0.9 million.

26.2 Theatre Management Holdings Limited

On 19 December 2018, the Group acquired all of the issued share capital of Theatre Management Holdings Limited and its subsidiary company, Theatre Management Limited, obtaining 100% control of both entities. The acquired businesses operate a venue that is similar to other venues within the Group's portfolio of venues, focusing on hosting theatrical performances. The acquisition of Theatre Management Holdings Limited supports the Group's strategy of acquiring and developing independently managed, complementary live entertainment and theatre-related activities, principally in the UK, USA, Germany and Australia.

Goodwill recognised consists of intangible benefits associated with the transaction but not eligible for separate recognition such as workforce expertise and synergies expected to be achieved. None of the goodwill is expected to be deductible for corporation tax purposes.

All assets and liabilities acquired were recognised at their fair value. There were no identifiable intangible assets.

Acquisition-related costs (included in administrative expenses) amounted to £0.2m, of which £nil were incurred in the previous financial period.

Theatre Management Holdings Limited did not contribute to the Group's profit for the period between the date of acquisition and the balance sheet date.

If the acquisition of Theatre Management Holdings Limited had been completed on the first day of the financial year, group revenues for the year would have increased by £ 0.9 million and the group profit would have decreased by £0.4 million.

26.3 Arts Center Enterprises – Sugar Land, LLC (Smart Financial Centre)

On 7 January 2019, the Group acquired all of the issued share capital of ACE SL, LLC obtaining 100% control of the entity. Similar to other venues within the Group's portfolio of venues, the business owns a single venue within the city of Sugar Land Texas, USA and is focussed solely on hosting performance events and concerts. The acquisition of ACE SL, LLC supports the Group's strategy of acquiring and developing independently managed, complementary live entertainment and theatre-related activities, principally in the UK, USA, Germany and Australia.

Goodwill recognised consists of intangible benefits associated with the transaction but not eligible for separate recognition such as workforce expertise and synergies expected to be achieved. None of the goodwill is expected to be deductible for corporation tax purposes.

All assets and liabilities acquired were recognised at their fair value. There were no identifiable intangible assets.

Acquisition-related costs (included in administrative expenses) amounted to £0.1 million, of which £nil were incurred in the previous financial period.

Arts Center Enterprises Sugar Land LLC contributed £3.2 million revenue and £1.0 million to the Group's profit for the period between the date of acquisition and the balance sheet date.

If the acquisition of Arts Center Enterprises Sugar Land LLC had been completed on the first day of the financial year, group revenues for the year would have increased by £28.2 million and the group profit would have also increased by £2.1 million.

27 Contingent liabilities

A corporate cross guarantee of the senior debt exists between the Company and the majority of its subsidiary undertakings. The senior debt is secured by a debenture over the majority of the assets of the Group.

28 Commitments

Capital commitments

At the balance sheet date the Group had no material contractual commitments for capital expenditure (2018: £nil).

Operating lease commitments - lessee

At the balance sheet date, the Group had outstanding commitments for future minimum lease payments under non-cancellable operating leases, which fall due as follows:

	30 March 2019	31 March 2018
	£'000	£'000
Minimum lease payments falling due:		
Within one year	12,477	6,150
In the second to fifth years inclusive	48,248	19,867
After five years	478,923	60,102
Minimum lease payments	539,648	86,119

The Group leases certain assets throughout its portfolio under operating lease arrangements.

29 Financial risk management

Capital risk management

The Group's objectives when managing capital are to maximise shareholder value whilst safeguarding the Group's ability to continue as a going concern. In common with other private equity portfolio companies, the Group carries a high level of net debt compared to equity. Total capital is calculated as total equity as shown in the consolidated statement of position, plus net debt. Net debt is calculated as the total of borrowings as shown in the Consolidated Statement of Financial Position, less cash and cash equivalents.

Financial risk management objectives

The Group's activities expose it to a variety of financial risks, including currency risk, interest rate risk, credit risk and liquidity risk.

The Group's overall risk management programme focuses on minimising potential adverse effects on the Group's financial performance.

Descriptions of the financial risks and how these are managed and mitigated are included in the Strategic Report on page 13.

Financial Risks	Sensitivity analysis
Interest Rate Risk	An increase/decrease of one percentage point in LIBOR would decrease/increase the Group's loss by £4,406,000 (2018: £3,388,000).
Foreign Exchange Risk	Had the US dollar strengthened against GBP by an additional 1% during the period, assuming all other variables remained constant, the Group's loss would have increased by £102,000 (2018: £31,000). Had the Euro strengthened against GBP by an additional 1% during the period, assuming all other variables remained constant, the Group's loss would have decreased by £11,000 (2018: £27,000).

Liquidity

The following tables detail the Group's remaining contractual maturity for its financial liabilities with agreed repayment periods. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate curves at the balance sheet date. The contractual maturity is based on the earliest date on which the Group may be required to pay. The Group is not party to any derivative contracts.

Fair value measurements

The information set out below provides information about how the Group determines fair values of various financial assets and financial liabilities.

Financial instruments are grouped into Levels 1 to 3 based on the degree to which the fair value is observable:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities;

INTERNATIONAL ENTERTAINMENT HOLDINGS LIMITED
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)
FOR THE 52 WEEK PERIOD ENDED 30 MARCH 2019

30 Financial Instruments (continued)

- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (unobservable inputs).

Fair value of financial assets and financial liabilities that are not measured at fair value

The directors consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the financial statements approximate to their fair values.

31 Controlling Party

The Company's ultimate parent company is IE Luxco S.a.r.l (Luxembourg), which is controlled by Providence Equity Partners VII A LP (Cayman Islands) and Providence VII Global Holdings LP (Cayman Islands). The Directors consider these parties to be the controlling party.

32 Related party transactions

Transactions with directors and key management personnel

Remuneration paid to the directors or other, who are considered to be key management personnel, is disclosed in note 6.

Trading transactions

During the period, the Group provided production-related services to associates and joint ventures of £248,000 (2018: £775,000). At the end of the period, balances of £1,238,000 (2018: £7,056,000) were owed to the Group by the associates and joint ventures. These balances are unsecured and will be settled periodically over the course of the production. There are currently no provisions relating to these balances. These transactions have been conducted at arm's length.
