Notes to the Abbreviated Accounts for the Period Ended 31st March 2013

1. Accounting policies

Basis of measurement and preparation of accounts

These Accounts have been prepared in accordance with the special provisions in part 15 of the Companies Act 2006 relating to small companies and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover policy

Turnover is the amount receivable for the provision of services falling within the Company's ordinary activities.

Tangible fixed assets depreciation policy

Depreciation of tangible assets is provided mainly on a straight line basis to write off the cost of those assets, less their residual value, over their estimated useful lives.

Intangible fixed assets amortisation policy

Intangible assets acquired are capitalised at fair value at the date of acquisition. Following initial recognition, finite life intangible assets are amortised on a straight line basis over their estimated useful economic lives, with the expenses taken to the income statement through operating costs.

Valuation information and policy

Stocks and work-in-progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.
