Accounting policies

Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

These financial statements have been prepared on the assumption that the company will continue in operational existence for the foreseeable future.

The validity of this assumption depends on the continuing support of the directors and creditors. If the company were unable to continue in existence for the foreseeable future, adjustments would be necessary to reduce the balance sheet values of assets to their recoverable amounts, to reclassify fixed assets as current assets and to provide for further liabilities which might arise.

Compliance with accounting standards

The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

**Turnover policy**

Turnover represents amounts receivable for goods and services net trade discounts.

**Tangible assets depreciation policy**

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment 20% reducing balance method
