AUDATEX (UK) LIMITED

DIRECTORS' REPORT

The directors present their annual report and the audited financial statements for the year ended 30 June 2010

PRINCIPAL ACTIVITY AND ENHANCED BUSINESS REVIEW

The company is a wholly owned subsidiary of Audatex Holding GmbH which operates as a division of Solera Holdings LLC

The principal activity of the company is the provision of computer based services and systems to the motor insurance industry. There have not been any significant changes in the company's principal activities in the year under review. The directors are not aware, at the date of this report, of any likely major changes in the company's activities in the next year.

As shown in the company's profit and loss account, the company's sales have increased by 4.4% over the prior year. Profit after tax has decreased in the year but still shows a healthy return. The directors feel that the results for the year leave them in a sound position for the coming year.

The balance sheet shows that the company's financial position at the year end is strong. We continue to invest in our IT infrastructure with just over £3.5 million in additional investment this financial year. We are committed to ensuring our customers are provided with a robust and reliable service.

The company continues to invest in research and development which is seen by the directors as key to the continuing success of the business.

Principal risks and uncertainties

Competitive pressure in the UK is seen by the company as a risk, however the company aims to minimise this risk by providing added value services to its customers, maintaining strong customer relationships and fast response times to customer issues.

To further strengthen our management of risk and ability to provide continuity of services, we have undertaken and achieved accreditation in ISO 27001 the International standard in Information Security and BS 25999 British standard for Business Continuity.

The company has no loans or other debt. The company invoices almost all customers in Sterling but is exposed to some foreign currency exchange risk on supplier purchases.

The company continues to demonstrate a strong financial position, investment in IT infrastructure and research and development, and good customer relationships. As a consequence, the directors believe that the company is well placed to manage its business risks successfully despite the current uncertain economic outlook. The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual report and accounts.

Environment

The company adopts a number of environmental policies including recycling of paper, printer cartridges & mobile phones. The company also ensures safe disposal of all redundant computer equipment.

Employees

Employee numbers and related costs can be found in note 3 to the financial statements. The company aims to recruit and retain the best quality staff and has achieved accreditation from Investors In People. The company also embraces diversity in the workforce whilst promoting a culture of equal opportunity.

RESULTS AND DIVIDENDS

The directors have paid a dividend of £1,782,500 (2009 - £542,500). The company made a profit after tax of £1,638,542 (2009 - £1,763,010).

AUDATEX (UK) LIMITED

DIRECTORS' REPORT

DIRECTORS

The directors who served throughout the year and to the date of signing are shown on page 1. All directors served for the entire financial year and to the date of this report unless otherwise stated.

AUDITORS

Each of the persons who is a director at the date of approval of this report confirms that:

(1) so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and

(2) the director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

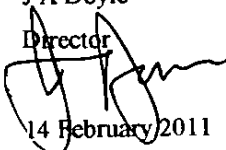

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

A resolution for the re-appointment of Deloitte LLP will be proposed at the forthcoming Annual General Meeting.

Approved by the Board of Directors and signed on behalf of the Board

J A Doyle

AUDATEX (UK) LIMITED

Directors' responsibilities statement

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF AUDATEX (UK) LIMITED

We have audited the financial statements of Audatex (UK) Limited for the year ended 30 June 2010 which comprise the Profit and Loss account, the Balance Sheet and the related notes 1 to 21. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 30 June 2010 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us, or
- the financial statements are not in agreement with the accounting records and returns, or
- certain disclosures of directors' remuneration specified by law are not made, or
- we have not received all the information and explanations we require for our audit.

J A Doyle

Director

NOTES TO THE ACCOUNTS

Year ended 30 June 2010

1. ACCOUNTING POLICIES

The financial statements are prepared in accordance with applicable United Kingdom accounting standards. The particular accounting policies adopted are described below, and have been applied consistently in the current and preceding year.

Accounting convention

The financial statements are prepared under the historical cost convention.

Going concern

The company continues to demonstrate a strong financial position, investment in IT infrastructure and research and development, and good customer relationships. As a consequence, the directors believe that the company is well placed to manage its business risks successfully despite the current uncertain economic outlook. The directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis in preparing the annual report and accounts.

Cash flow statement

The company has not prepared a cash flow statement as it is wholly owned by Solera Holdings Inc and its cash flows are included in that company's consolidated cash flow statement.

Tangible fixed assets

Tangible fixed assets are stated at cost less amounts provided for depreciation. Depreciation is provided on a straight-line basis at rates calculated to write off the cost less estimated residual value of each asset over its estimated useful life at the following annual rates:

Leasehold improvements	10%
Plant and equipment	33%
Fixtures and fittings	15%
Motor vehicles	25%
Software	33%

Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is provided in full on timing differences which result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in the financial statements. Deferred tax assets are recognised to the extent that it is regarded as more likely than not that they will be recovered. Deferred tax assets and liabilities are not discounted.

Foreign exchange

Monetary balances in foreign currencies, primarily with group undertakings, are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the exchange rate ruling at the date of the transaction. All exchange differences are included in the profit and loss account.

Operating leases

Costs in respect of operating leases are charged to the profit and loss account on a straight line basis over the lease term.

NOTES TO THE ACCOUNTS**Year ended 30 June 2010****1. ACCOUNTING POLICIES (CONTINUED)****Finance leases**

Assets held under finance leases are capitalized as tangible fixed assets and are depreciated over the shorter of the lease terms and their useful lives. The capital elements of future lease obligations are recorded as liabilities, while the interest elements are charged to the profit and loss account over the period of the leases to produce a constant rate of charge on the balance of capital repayments outstanding.

Where the company acts as a lessor of assets under finance leases, the net investment in the lease is recorded as a debtor on the balance sheet. Rentals received are apportioned between finance income and repayment of the debtor balance. Finance income is recorded in the profit and loss account so that a constant rate of return on the net cash investment is achieved over the period of the lease.

Turnover

Turnover, which excludes value added tax, represents the value of goods and services supplied in the period. Revenue from services supplied is recognised on an as and when utilised basis. Revenue from software and hardware sales is recognised on delivery.

Pensions

For defined contribution schemes, the amount charged to the profit & loss account in respect of pension costs and other post-retirement benefits is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Research and development

Research and development expenditure is written off as incurred.

Share based payments

During the prior year the company adopted Financial Reporting Standard 20 'Share-Based Payment'. In accordance with the transitional provisions, FRS 20 has been applied to all grants of equity instruments after 7 November 2002 that were unvested as of 1 January 2006. The Solera group issues equity-settled share based payments which are measured at fair value at the date of grant. The fair value determined at grant date of the equity-settled share based payments is expensed on a straight-line basis over the vesting period, based on the group's estimate of shares that will eventually vest and adjusted for the effect of non market-based vesting conditions.

Fair value is measured by use of the Black-Scholes pricing model. The expected life used in the model has been adjusted, based on management's best estimate, for the effects of non-transferability, exercise restrictions, and behavioural considerations.

2. TURNOVER

AUDATEX (UK) LIMITED

NOTES TO THE ACCOUNTS Year ended 30 June 2010

18. PENSION COMMITMENTS

The company makes contributions for all employees into personal pension schemes and the Legal & General Group Personal pension scheme. Contributions to these schemes are charged to the profit and loss account as they fall due.

The pension cost for the defined contribution schemes during the year totalled £365,095 (2008 £406,609)

19. ULTIMATE AND IMMEDIATE PARENT COMPANIES

Audatex Holding GmbH, a company incorporated in Switzerland, is the immediate parent company. Solera Holding, Inc., incorporated in the USA, is the ultimate parent company and the controlling party.

The smallest group in which the results of the company are consolidated is Audatex Holdings GmbH and the largest group is Solera Holding, Inc. The financial statements of Solera Holding, Inc. may be obtained from Solera, Inc. 15030 Avenue of Science, Suite 100 San Diego, CA 92128.

20. RELATED PARTY TRANSACTIONS

In accordance with Financial Reporting Standard No 8 "Related Party Disclosures", transactions with other group undertakings within, and investee related parties of Solera Holding, Inc. have not been disclosed in these financial statements.

21. SHARE OPTIONS

The Solera group has a share option scheme for certain directors and employees of the group. Options are exercisable at a price equal to the fair market value of Solera Holdings Inc's shares on the date of grant. The vesting period is four years and the options have a term of 10 years.

Details of the share options outstanding during the year are as follows:

	2010		2009	
	Number of share options	Weighted average exercise price (\$)	Number of share options	Weighted average exercise price (\$)
Outstanding at beginning of period	31,100	21.21	30,500	18.83
Granted during the period	4,100	25.55	10,400	26.60
Forfeited during the period	(225)	16.00	(5,350)	22.47
Exercised during the period	(5,925)	16.00	(4,450)	16.00
Outstanding at the end of the period	29,050	22.92	31,100	21.21
Exercisable at the end of the period	14,400	22.61	8,550	18.98

The options outstanding at 30 June 2010 had a weighted average exercise price of \$22.92 and a weighted average remaining contractual life of 1.89 years. In 2010, options were granted on 1 September 2009. The aggregate of the estimated fair values of the options granted on that date is \$27,429 (£18,200). In 2009, options were granted on 2 September 2008 and 3 November 2008. The aggregate of the estimated fair values of the options granted on those dates is \$92,240 (£54,626).

In the year ended 30 June 2009 the above disclosure was incorrect for the number of shares forfeited and associated weighted average price and the outstanding number of shares and associated weighted average price. This has subsequently been corrected in this report.

NOTES TO THE ACCOUNTS
Year ended 30 June 2010

21. SHARE OPTIONS (CONTINUED)

The inputs into the Black-Scholes Option Pricing Model are as follows

	2010	2009
Weighted average share price and exercise price	\$22.92	\$21.21
Expected volatility	30%	26.8%
Expected life	4.7 years	6.1 years
Risk-free rate	2.2%	3.2%
Dividend yield	0.9%	0%

Expected volatility was based on a combination of implied market volatilities, historical volatility of Solera Holdings Inc's share price and other factors

The company recognised total expenses of £67,803 and £64,974 related to share options in 2010 and 2009 respectively

Restricted stock options

The Solera group has a restricted stock program under which shares of common stock have been issued to certain employees. These shares are restricted as to transfer and in certain circumstances must be returned to the group at the original purchase price. The company records an expense relating to the restricted stock over the period during which the transfer restrictions exist, which may be up to 5 years from the date of grant.

	2010		2009	
	Number of share options	Weighted average exercise price (\$)	Number of share options	Weighted average exercise price (\$)
