AUDITORS' REPORT TO THE MEMBERS OF BIRMINGHAM TECHNOLOGY (VENTURE CAPITAL) LIMITED

We have audited the financial statements on pages 4 to 13 which have been prepared under the historical cost convention and the accounting policies set out on page 7.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the Annual Report. As described on page 2, this includes responsibility for preparing the financial statements, in accordance with applicable United Kingdom accounting standards. Our responsibilities, as independent auditors, are established by statute in the United Kingdom, the Auditing Practices Board and our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions is not disclosed.

We read the other information contained in the Annual Report and consider the implications for our report if we become aware of any apparent mis-statements or material inconsistencies with the financial statements.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material mis-statement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements give a true and fair view of the state of the company's affairs as at 30 June 2000 and of its loss for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS - 30 JUNE 2000

1 ACCOUNTING POLICIES

(1) Basis of preparation

The accounts are prepared under the historical cost convention, as modified by the valuation of investments set out in Note 1 (2) below, and in accordance with applicable accounting standards.

(2) Investments

Investments in investee companies are stated at cost except where the directors become aware of any diminution in value that they consider to be permanent, in which case provision is made for such diminution. Provisions are made in accordance with the guidelines issued in March 1991 by the British Venture Capital Association.

Having regard to the nature of the company's activities the directors do not consider that the company exercises any significant influence in respect of associated undertakings, being those in which the company holds in excess of 20% but not more than 50% of the voting share capital. The company's share of associated companies' post acquisition profits and losses is not therefore reflected in the financial statements. Furthermore, as the shareholders of the company have regular access to financial information on investee companies, the directors consider that disproportionate expense and undue delay would be incurred by disclosing details of investee companies on the equity basis of accounting.

(3) Turnover

Turnover represents income received and receivable in the year in respect of directors' fees, dividends and interest from investee companies.

(4) Deferred taxation

Deferred taxation relating to capital allowances and other timing differences is only provided in the financial statements where there is a reasonable probability that taxation will become payable in the foreseeable future.

(5) Statement of cash flows

As the company qualifies as a small company, as defined in Section 247 Companies Act 1985, the company has exercised its right in accordance with Financial Reporting Standard 1 not to produce a statement of cash flows.
