Notes to the abbreviated financial statements
for the year ended 30 September 2014

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year or the fair value of services provided for amounts not invoiced at the year end.

Turnover arising from the sale of goods is recognised when the significant risks and rewards of ownership have passed to the buyer.

1.3. Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Land and property	-	Not depreciated
Implements	-	15% reducing balance
Office equipment	-	25% straight line

The properties are not being depreciated under the alternative accounting rules which is in contravention of the Financial Reporting Standard for Smaller Entities (FRSSE) (effective April 2008) as the director feels that their value is unlikely to reduce.

In accordance with the Financial Reporting Standard for Smaller Entities (FRSSE) (effective April 2008) the director has reviewed the properties for impairment at the year end and are satisfied that there has been no diminution in value.

1.4. Stock

Stock is valued at the lower of cost and net realisable value. Cost includes all direct expenditure and appropriate proportion of fixed and variable overheads. Net realisable value is based on estimated selling prices less further costs expected to be incurred in bringing the stocks to completion.
