The directors acknowledge their responsibilities for ensuring that :

- the company keeps accounting records which comply with s.221 of the Companies Act 1985, and
- the accounts give a true and fair view of the state of affairs of the company as at 30 September 1996 and of its profit for the year then ended in accordance with the requirements of s.226 and which otherwise comply with the requirements of the Companies Act 1985 relating to accounts, so far as applicable to the company.

The directors have taken advantage of the exemptions conferred by s.246 of the Companies Act 1985 on the basis that the company qualifies as a small company, because turnover is less than £90000 and gross balance sheet assets are less than £1.4m.

3. DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year, which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to select suitable accounting policies and then apply them consistently, make judgements and estimates that are reasonable and prudent and prepare the financial statements on the going concern basis unless it is appropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.
