Notes to the Financial Statements

Period from 1 September 2018 to 31 December 2019

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is 168 Birmingham Road, Shenstone Wood End, Lichfield, Staffordshire, WS14 0NX.

2. Statement of compliance

The accounts have been prepared in accordance with the provisions of FRS102 Section 1A Small Entities. There were no material departures from this standard.

3. Accounting policies

General information and basis of preparation

The financial statements have been prepared on the historical cost basis. The financial statements are prepared in sterling, which is the functional currency of the entity. The financial year end of the company was changed from 31 August 2019 to 31 December 2019 so as to be coterminous with the year end of the holding company. Accordingly the current financial statements are prepared for 16 months from 1 September 2018 to 31 December 2019 and as a result, the comparative figures stated in the income statement and statement of changes in equity are not comparable.

Disclosure exemptions

The entity satisfies the criteria of being a qualifying entity as defined in FRS 102. Its financial statements are consolidated into the financial statements of Piper Homes Plc which can be obtained from 168 Birmingham Road, Shenstone Wood End, Lichfield, Staffordshire, WS14 0NX. As such, advantage has been taken of the following disclosure exemptions available under paragraph 1.12 of FRS 102: (a) Disclosures in respect of each class of share capital have not been presented. (b) No cash flow statement has been presented for the company. (c) Disclosures in respect of financial instruments have not been presented.

Work in progress

Work in progress is valued at the lower of cost and estimated selling price less costs to complete and sell. Costs include all direct expenditure and an appropriate proportion of fixed and variable overheads.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument. Debt instruments are subsequently measured at amortised cost. Other financial instruments are subsequently measured at fair value, with any changes recognised in profit or loss. Financial assets that are measured at cost or amortised cost are reviewed for objective evidence of impairment at the end of each reporting date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss immediately. For all equity instruments regardless of significance, and other financial assets that are individually significant, these are assessed individually for impairment. Other financial assets are either assessed individually or grouped on the basis of similar credit risk characteristics. Any reversals of impairment are recognised in profit or loss immediately, to the extent that the reversal does not result in a carrying amount of the financial asset that exceeds what the carrying amount would have been had the impairment not previously been recognised.
