The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 June 2014.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 June 2014 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

- (a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395
- (b) and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 27 March 2015 and were signed by:

Mr J H Snyder - Director

FOR THE YEAR ENDED 30 JUNE 2014**

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

As at 30 June 2014 the company had net current liabilities of £77,998 and net liabilities of £16,359. Included within creditors due within one year is a loan from the director amounting to £81,129. The director, Mr J H Snyder has given an undertaking that he will not seek repayment of the balance to the detriment of other creditors, and will continue to support the company. The director has therefore deemed it appropriate that the financial statements are prepared on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the fair value of services provided during the year. Turnover is recognised as contract activity progresses and the right to consideration is earned. Fair value reflects the amount expected to be recoverable from clients. Turnover excludes value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Computer Equipment - 25% on cost

Fixtures and Fittings - 25% reducing balance

Improvements to Leasehold - 10% on cost

Deferred tax

The charge for taxation is based on the results for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes. In accordance with Financial Reporting Standard 19, provision is made for deferred tax in respect of all timing differences that have originated but not reversed by the balance sheet date. Deferred tax assets are only recognised when it is more likely than not that the deferred tax asset will be recovered. Deferred tax is measured using rates of tax that have been enacted or substantially enacted by the balance sheet date. Deferred tax balances are not discounted.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

Investment properties

In accordance with SSAP19, investment properties are revalued annually and any surplus or deficit arising is taken to an investment property reserve. No depreciation is provided on such properties as they are held as investments and not for consumption.

This treatment of investment properties may be a departure from the requirements of the Companies Act concerning depreciation of fixed assets. However, as these properties are not held for consumption but for investment, the directors consider that depreciation would be inappropriate. The accounting policy adopted is therefore necessary for the financial statements to give a true and fair view.
