NOTES TO THE FINANCIAL STATEMENTS

For the year ended 31 December 2013

1 ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial statements have been prepared on a going concern basis under the historical cost convention and in accordance with the Companies Act 2006 and applicable UK accounting standards (United Kingdom Generally Accepted Accounting Practice).

The company is exempt by virtue of Section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

Under Financial Reporting Standard (FRS) 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements.

As 100% of the company's voting rights are controlled within the group headed by G4S plc, the company has taken advantage of the exemption contained in FRS 8 and has therefore not disclosed transactions or balances with entities which are wholly owned members of the group. The consolidated financial statements of G4S plc, within which this company is included, can be obtained from the address given in note 12.

DEVELOPMENTS EXPECTED IN FUTURE ACCOUNTING PERIODS

FRS 100, 101 and 102. FRS 100 sets out the application of financial reporting requirements in the UK and Republic of Ireland and FRS 101 'IFRS with reduced disclosures' outlines the reduced disclosure framework available for use by qualifying entities choosing to report under IFRS. FRS 102 is applicable in the UK and Republic of Ireland and is known as 'new UK GAAP'. The mandatory effective date for the new framework of reporting is for accounting periods beginning on or after 1 January 2015. The Company will apply either FRS 101 ('IFRS with reduced disclosures') or FRS 102 ('new UK GAAP'). A full analysis is currently being undertaken to identify the most appropriate option.

INVESTMENTS

Long term investments in subsidiary undertakings are classified as fixed assets and stated at cost. Provision is made for any permanent diminution in the value of fixed asset investments.

TAXATION

Current tax is provided at amounts expected to be paid or recovered using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all material timing differences that have originated, but not reversed, by the balance sheet date. Deferred tax is measured on a non-discounted basis using tax rates that are expected to apply in the periods in which the timing differences reverse based on tax rates and laws substantively enacted by the balance sheet date.

FOREIGN CURRENCIES

The company's functional currency is United States Dollars. Transactions in foreign currencies are recorded using the rate of exchange in operation at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

The company's presentational currency is English Pounds. The balance sheet and profit and loss account are translated at year end using the rate of exchange ruling on the balance sheet date and the gain or loss on translation is included in equity.

GOING CONCERN

The directors believe the company is well placed to manage its business risks successfully despite the current uncertain economic outlook. Thus, they continue to adopt the going concern basis in preparing the financial statements.
