Hambery Residents Association Limited

Notes to the financial statements for the year ended 31 December 2014

1. Accounting policies

1.1. Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2. Turnover

Turnover represents the total value of contributions receivable from residents during the year.

1.3. Tangible fixed assets and depreciation

Freehold buildings, amounting to £1,964 have not been depreciated. This is a departure from the requirements of the Financial Reporting Standard for Smaller Entities (effective April 2008). In the opinion of the directors the depreciation of the freehold buildings is deemed immaterial.

1.4. Deferred taxation

Provision is made in full for all taxation deferred in respect of timing differences between the treatment of certain items for accounts and tax purposes, that have originated but not reversed by the balance sheet date. No provision is made for taxation on permanent differences. Deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered.

Deferred tax is not discounted to reflect the present value of future cash flows.

1.5. Going concern

The company meets its day to day working capital requirements through trading cash in flows and support by the directors. On this basis, the directors consider it appropriate to prepare the financial statements on a going concern basis. The financial statements do not include any adjustments that would arise from a deterioration in trading or withdrawal of the support provided.
