1 ACCOUNTING POLICIES

BASIS OF PREPARATION

The financial statements have been prepared on a going concern basis under the historical cost convention and in 'accordance with the Companies Act 2006 and applicable UK accounting standards (United Kingdom Generally Accepted Accounting Practice)

The company is exempt by virtue of Section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

Under Financial Reporting Standard (FRS) 1 the company is exempt from the requirement to prepare a cash flow statement on the grounds that a parent undertaking includes the company in its own published consolidated financial statements

As 100% of the company's voting rights are controlled within the group headed by G4S plc, the company has taken advantage of the exemption contained in the revised FRS 8 and has therefore not disclosed transactions or balances with entities which are wholly owned members of the group. The consolidated financial statements of G4S plc, within which this company is included, can be obtained from the address given in note 12.

INVESTMENTS

Long term investments in subsidiary undertakings are classified as fixed assets and stated at cost Provision is made for any permanent diminution in the value of fixed asset investments

TAXATION

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes

Deferred tax is recognised, without discounting, in respect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except as otherwise required by FRS 19

FOREIGN CURRENCIES

The company's functional currency is United Sates Dollars Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the contracted rate or the rate of exchange ruling at the balance sheet date and the gains or losses on translation are included in the profit and loss account.

The company's presentational currency is English Pounds. The balance sheet and profit and loss account are translated at year end using the rate of exchange ruling on the balance sheet date and the gain or loss on translation is included in equity.

GOING CONCERN

The directors believe the company is well placed to manage its business risks successfully despite the current uncertain economic outlook. Thus, they continue to adopt the going concern basis in preparing the financial statements.
