NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2020

1 Accounting policies

Company information

Holmes & Sons Limited is a private company limited by shares incorporated in England and Wales. The registered office is Higher Riley Brox Farn,, Sandy Lane, Accrington, Lancashire, BB5 2DJ.

1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Profit and loss account

The company has not traded during the year or the preceding financial period. During this time the company received no income and incurred no expenditure and therefore no Profit and loss account is presented in these financial statements.

1.3 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

A financial instrument is a contract giving rise to a financial asset (such as trade and other debtors, cash and bank balances) or a financial liability (such as trade and other creditors, bank and other loans, hire purchase and lease creditors) or an equity instrument (such as ordinary or preference shares).

Financial instruments are recognised in the company's balance sheet when the company becomes a party to the contractual provisions of the instrument.

All the company's financial instruments are basic financial instruments and are recognised at amortised cost using the effective interest method.

Amortised cost: the original transaction value, less amounts settled, less any adjustment for impairment.

Effective interest method: where a financial instrument falls due more than 12 months after the balance sheet date and is subject to a rate of interest which is below a market rate, the original transaction value is discounted using a market rate of interest to give the net present value of future cash flows.

Derecognition of financial assets

Financial assets cease to be recognised only when the contractual rights to the cash flows expire, or when substantially all the risks and rewards of ownership are transferred to another entity.

Financial liabilities cease to be recognised when and only when the company's obligations are discharged, cancelled, or they expire.
