(a) that for the year stated above the company was entitled to the exemption conferred by Section 249A(1) of the Companies Act 1985 ;

(b) that no notice has been deposited at the registered office of the company pursuant to Section 249B(2) requesting that an audit be conducted for the year ended 31 March 2008 and

(c) that I acknowledge my responsibilities for:

(2) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of the financial year and of its profit or loss for the year then ended in accordance with the requirements of Section 226 and which otherwise comply with the provisions of the Companies Act relating to financial statements, so far as applicable to the company.

Notes to the financial statements for the year ended 31 March 2008

1. Accounting policies

1.1. Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2007).

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Fixtures, fittings and equipment	- 10%-25% straight line
Motor vehicles	- 15% reducing balance

1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period.

1.5. Stock

Stock is valued at the lower of cost and net realisable value.

1.6. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year.

1.7. Going concern

The financial statements have been prepared on a going concern basis, which assumes that the company will continue trading in the foreseeable future. Management accounts have been prepared on a monthly basis, together with forecasts, and the director is of the opinion that the company's trading position will improve sufficiently to extinguish the deficiency in due course. In the light of the factors described above, the director considers it appropriate to adopt the going concern basis in preparing the financial accounts.

2. Turnover

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the UK.
