DREAMLINE HOMES LTD
NOTES TO THE ACCOUNTS
FOR THE PERIOD FROM 2 NOVEMBER 2020 TO 30 NOVEMBER 2021

1 Statutory information

DREAMLINE HOMES LTD is a private company, limited by shares, registered in England and Wales, registration number 12988044. The registered office is 47 Scaton Road, Hayes, UB3 1NU, United Kingdom.

2 Compliance with accounting standards

The accounts have been prepared in accordance with the provisions of FRS 102 Section 1A Small Entities. There were no material departures from that standard.

3 Accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below and have been consistently applied within the same accounts.

Basis of preparation

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets.

Presentation currency

The accounts are presented in sterling.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. Turnover from the sale of goods is recognised when goods have been delivered to customers such that risks and rewards of ownership have transferred to them. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax assets and liabilities are not discounted.

Financial instruments

Basic financial instruments are recognised at amortised cost, except for investments in non-convertible preference and non-puttable ordinary shares which are measured at fair value, with changes recognised in profit or loss. Derivative financial instruments are initially recorded at cost and thereafter at fair value with changes recognised in profit or loss.
