**1. GENERAL INFORMATION**

VPower Hull A Limited is a private company limited by shares, incorporated in England and Wales, registration number 07903113. The address of the registered office is 1 Knightsbridge Green, South Kensington, London, England, SW1X 7NE.

**2. ACCOUNTING POLICIES**

**2.1 BASIS OF PREPARATION OF FINANCIAL STATEMENTS**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies.

The following principal accounting policies have been applied:

**2.2 GOING CONCERN**

The company is considered to be a going concern on the basis that support will continue to be provided by VP Flexgen Limited, the parent undertaking, to enable it to continue to meet its liabilities as and when they fall due for at least twelve months from the date the accounts are approved.

**2.3 PROPERTY, PLANT AND EQUIPMENT**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

At present, no depreciation has been charged due to the assets not yet being in use.

**2.4 OPERATING LEASES: THE COMPANY AS LESSEE**

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

**2.5 INTEREST INCOME**

Interest income is recognised in profit or loss using the effective interest method.

**2.6 DEBTORS**

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**2. ACCOUNTING POLICIES (CONTINUED)****2.7 CREDITORS**

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

**2.8 FINANCIAL INSTRUMENTS**

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Statement of comprehensive income.

Financial assets and liabilities are offset and the net amount reported in the Statement of financial position when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

**3. EMPLOYEES**

There were no employees in the current year.
