## **PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT**

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

We Are Community Souls Community Interest Company (Community Souls) works with people across London, living in areas of high deprivation. We empower them to improve their lives and communities through positive activities and employment opportunities. The company currently generates income in two main ways:

1. Trading as a cleaning company, offering those furthest from the job market, on low income or dependent on benefits the opportunity of both paid work and personal development support. During the financial year 2021-2022, the company's activities have benefited communities in following ways:
  - a. 9 x people who were living in areas of high deprivation from across London were employed by the company on a part-time basis, on London Living Wage.
  - b. 100% of our staff have been supported through our Development Programme, accessing a minimum of 2 hours support per month.
  - c. 60% of our beneficiaries have demonstrated an increase in emotional well-being since being in employment.
  - d. 60% of our staff have accessed further development opportunities
    - i. 9 x part-time employees was supported into wrap around support services
    - ii. 3 x part-time employees were supported in accessing relevant cleaning training.
    - iii. 3 x part-time employees; supported child's personal development.
    - iv. Co-production - 9 x part-time employees were informally consulted by the company to understand and hear their views, thoughts and ideas about how we could improve our services and employment framework.
    - v. 4 x part-time employees were supported with accessing weekly food banks.
    - vi. 9 x part-time employees were supported with accessing 'cost of living crisis' support and information (incl housing + financial support).
    - vii. 3 x part-time employees was supported accessing EET support.

2. Delivering contracted youth work and consultation services for voluntary + community organisations who want to engage and support young people from hard to reach and deprived communities in and around Barnet and London. We have continued to deliver projects and work for the charity Art Against Knives. Our involvement has led to making a significant impact on the lives of over 450 vulnerable children and young people.

*(If applicable, please just state "A social audit report covering these points is attached").*

*(Please continue on separate continuation sheet if necessary.)*

**PART 2 – CONSULTATION WITH STAKEHOLDERS** – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

Community Souls has two types of stakeholders

1. Those that we employ to deliver our commercial cleaning services.
2. Those that engage and attend our community workshops + outreach programmes.

Our stakeholders live in the most deprived and isolated areas within the borough of Barnet. During this period we have been successful in sustaining our expansion of services and community engagement across London from the following year; specifically London boroughs of Brent, Lambeth and Royal Borough of Kensington and Chelsea (RBKC).

Stakeholders are mostly NEET (not in education, employment or training) before starting work with us, or working minimal, inconsistent part time hours. Typical themes that we have identified through working directly with our participants are:

- They find it difficult to access education, employment and training because they;
  - have low income, and are often in debt.
  - have been impacted by the 'cost of living' increase.
  - are often single parents who can't afford child care and need flexible hours to work around this.
  - have no or few qualifications to support them in accessing employment.
  - have low self esteem, no aspirations.
  - have no access to, or trust in specialist / external support services - e.g find it hard to engage with social services and the professional systems that around them and their families.
  - have had a child at an early age and this has stalled their personal and professional development.
  - have unstable living situations ie. they live in temporary or emergency accommodation.
  - have experienced traumatic and negative events at an early age such as going to prison, domestic violence, gang culture, sexual abuse, drug and alcohol abuse.

The above experiences have often significantly impacted on our stakeholders lives, resulting in them:

- Underachieving during their education.
- Entering the criminal justice system.
- Substance misuse e.g addicted to drugs and alcohol.
- Experiencing unhealthy relationships and/or domestic violence.
- Mental, physical and emotional health issues. e.g depression and anxiety.

We have continued to deliver consultation with our stakeholders, which has been identified through our 16 years of experience working with vulnerable young people and adults from deprived communities in the London borough of Barnet.

Through our work (delivering youth provision, community engagement and consultancy) we have been able to listen to the needs of deprived communities and identify what provision they would like. They've continued to tell us that they require:

- Support with their personal development as well as practical support with entering employment.
- Employees that are considerate of their personal needs and can provide flexible hours to support their transition from benefits to full time employment.
- Training, to aid their professional growth and support them in developing careers rather than staying put in one opportunity.
- Direct support with accessing services (eg food banks + healthcare), safety planning and understanding changes to their financial circumstances due the increase in living costs.

The above findings and ongoing feedback from our stakeholders enables us to design Community Souls services and programmes. We monitor and evaluate our work, to ensure we are consulting and integrating what we're hearing and seeing from those that we're supporting.

*(If applicable, please just state "A social audit report covering these points is attached").*
