**Notes to the Abbreviated Accounts
For the year ended 31 March 2011**

1. Accounting Policies

The financial statements are prepared under the historical cost convention as modified by the revaluation of land and property and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Turnover

This represents amounts receivable in respect of trading properties sold during the year.

Tangible Fixed Assets and Depreciation

Tangible fixed assets other than freehold are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost estimated residual value of each asset over its expected useful life as follows.

Land and Buildings	Nil
Fixtures and Fittings	15% reducing balance

Investment properties have not been revaluated as required by SSAP 19. No depreciation has been provided, which represent departure from the Companies Act requirements. The effect of this has not been quantified due to the lack of information on the split land and buildings.

Stock

Stock is valued at the lower of cost and net realisable value

Deferred Taxation

Deferred taxation is provided at appropriate rates on all timing differences using the liability method only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.
