UBC GROUP LTD

Notes to the Financial Statements

for the Period Ended 30 June 2022

1. Accounting policies

Basis of measurement and preparation

These financial statements have been prepared in accordance with the provisions of Section 1A (Small Entities) of Financial Reporting Standard 102

Tangible fixed assets depreciation policy

Property, Plant and Equipment outlines the accounting treatment for most types of property, plant and equipment. Property, plant and equipment is initially measured at its cost, subsequently measured either using a cost or revaluation model, and depreciated so that its depreciable amount is allocated on a systematic basis over its useful life.

Intangible fixed assets amortisation policy

Intangible Assets are non-monetary assets which are without physical substance and identifiable (either being separable or arising from contractual or other legal rights). Intangible assets meeting the relevant recognition criteria are initially measured at cost, subsequently measured at cost or using the revaluation model, and amortised on a systematic basis over their useful lives.
