MELLORS PROPERTY HOLDING COMPANY LIMITED

Notes to the abbreviated financial statements for the year ended 31 March 2010

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention modified to include the revaluation of certain fixed assets, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Turnover

Turnover represents rents receivable under operating leases of the company's properties

1.3. Investment properties

Investment properties are let on operating leases, and are stated at open market value and not depreciated. Adjustments to the carrying value are taken annually to the revaluation reserve. This treatment is contrary to the requirements of the Companies Act 2006 which requires depreciation to be provided on all fixed assets with a limited useful economic life. The directors consider that the treatment adopted, which is in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008), results in the financial statements showing a true and fair view. Depreciation is only one of the many factors reflected in the annual property valuation, and the amount which might otherwise have been shown cannot be separately identified or quantified.

1.4. Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more, tax. However provision is made for tax on gains arising from the revaluation of fixed assets only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.
