The presentation currency is £ sterling.

1. Accounting policies

Significant accounting policies

Statement of compliance

These financial statements have been prepared in compliance with FRS 102 – The Financial Reporting Standard applicable in the UK and Republic of Ireland and the Companies Act 2006.

Basis of preparation

The financial statements have been prepared under the historical cost convention as modified by the revaluation of land and buildings and certain financial instruments measured at fair value in accordance with the accounting policies.

The financial statements are prepared in sterling which is the functional currency of the company.

Going concern basis

The directors believe that the company is experiencing good levels of sales growth and profitability, and that it is well placed to manage its business risks successfully. Accordingly, they have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the financial statements.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Government grants

Government grants received are credited to deferred income. Grants towards capital expenditure are released to the income statement over the expected useful life of the assets. Grants received towards revenue expenditure are released to the income statement as the related expenditure is incurred.

Taxation

Taxation represents the sum of tax currently payable and deferred tax. Tax is recognised in the statement of income, except to the extent that it relates to items recognised in other comprehensive income or directly in capital and reserves. The company's liability for current tax is calculated using the tax rates and laws that have been enacted or substantively enacted at the reporting date. Current and deferred tax assets and liabilities are not discounted

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the reporting date.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Current and deferred tax assets and liabilities are not discounted.

Dividends

Proposed dividends are only included as liabilities in the statement of financial position when their payment has been approved by the shareholders prior to the statement of financial position date.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

Plant and Machinery	25% Reducing Balance
---------------------	----------------------

Provisions

Provisions are recognised when the company has a present obligation as a result of a past event which it is more probable than not will result in an outflow of economic benefits that can be reasonably estimated.

2. Average number of employees

Average number of employees during the year was 1 (2021 : 1).
