**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2022**

1. STATUTORY INFORMATION

E.J. Ralph Limited is a private company, limited by shares, registered in England and Wales. The company's registered number is 03189101 and its registered office address is The Exchange, 5 Bank Street, Bury, BL9 0DN.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets.

The director has considered the impact of the global Covid-19 pandemic on the company and recognises that the future cannot be predicted with any certainty. Procedures have been introduced to ensure that operations are conducted in accordance with official government advice as the company continues to trade. The director will endeavour to monitor and control costs as necessary.

The director has considered the business risks and believe that the company is well placed to manage these risks successfully, thus the going concern basis of accounting has been adopted in preparing these financial statements.

Critical accounting estimates and judgements

In the application of the company's accounting policies, the director is required to make estimates and judgements. The estimates are based on historical experience and other relevant factors. Actual results may differ from these estimates.

The estimates are continually evaluated. Revisions to accounting estimates are recognised in the period in which the estimate is revised.

The estimates and assumptions which have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities are outlined below.

Estimating the value of investment property is considered to be a key judgement.

Revenue

Revenue comprises the aggregate of the fair value of the rental services provided. Revenue is recognised as those services are provided to the occupants of the properties.

Investment property

Investment properties are recognised at fair value. Revaluation surpluses are recognised in the income statement. Deferred taxation is provided on these gains at the rate expected to apply when the property is sold.

2. ACCOUNTING POLICIES - continued**Financial instruments**

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties and loans to related parties.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the income statement.

Basic financial liabilities are initially measured at transaction price and subsequently measured at amortised cost.

Taxation

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the statement of financial position date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the statement of financial position date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
