STATEMENT OF DIRECTORS' RESPONSIBILITIES

Company law requires us as directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements we are required to

- a. select suitable accounting policies and then apply them consistently;
- b. make judgements and estimates that are reasonable and prudent;
- c. prepare the financial statements on a going concern basis unless it is inappropriate to presume that the company will continue in business.

We are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and enable us to ensure that the financial statements comply with the Companies Act 1985. We are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Signed on behalf of the Board of Directors

M.W.M. Gardner

Secretary

Approved by the Board: 31st March 1998

AUDITORS' REPORT

TO THE MEMBERS OF CHEVRONCIRCLE LIMITED

We have audited the financial statements on pages 5 to 12 which have been prepared under the historical cost convention and the accounting policies set out on page 7.

RESPECTIVE RESPONSIBILITIES OF DIRECTORS AND AUDITORS

As described on page 3 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report to you.

BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

In our opinion, the financial statements give a true and fair view of the state of the company's affairs as at 31st December 1997, and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO ACCOUNTS FOR THE YEAR ENDED 31ST DECEMBER 1997

1. ACCOUNTING POLICIES

a. Basis of Accounting

The financial statements have been prepared under the historical cost convention.

b. Turnover

The turnover represents the amount derived from the provision of goods and services which fall within the company's ordinary activities exclusive of value added tax.

c. Depreciation

Depreciation is provided on all tangible fixed assets, other than freehold land, at rates calculated to write off the cost or valuation, over their anticipated useful life in equal annual instalments at the following rates:

Motor Vehicles	20%
Other Assets	10%

d. Stocks

Stocks and work-in-progress are valued on a first-in, first-out basis at the lower of cost or net realisable value. In respect of finished goods and work-in-progress, cost includes direct materials and labour with addition of appropriate overheads. Net realisable value is based on an estimated selling price less further costs expected to be incurred to completion and disposal.

e. Deferred Taxation

Provision is made at appropriate rates for taxation deferred in respect of all material timing differences only to the extent that, in the opinion of the directors, there is reasonable probability that a liability or asset will crystallize in the forseeable future.

f. Leased Assets

Rentals paid under operating leases are charged to the profit and loss account in the period in which they are incurred. Assets held under finance leases are capitalised and depreciated over their expected useful life. The finance charges are allocated over the primary period of the lease in proportion to the capital element outstanding.
