4. PROGRESS SINCE OUR LAST REPORT

This is our final report and account of the liquidation and should be read in conjunction with the progress reports to creditors dated 24 August 2016 to 23 August 2017, 24 August 2017 to 23 August 2018, 24 August 2018 to 23 August 2019, 24 August 2019 to 23 August 2020 and 24 August 2020 to 23 August 2021.

Receipts and Payments

Attached at Appendix 1 is our abstract of receipts and payments for the period from 24 August 2021 to 16 December 2021.

No additional assets have been realised during the period covered by this report with the exception of a small amount of deposit interest.

What work has been done in the period of this report, why was that work necessary and what has been the financial benefit (if any) to creditors?

Details of the types of work that generally fall into the headings mentioned below are available on our firm's website - http://www.begbies-traynorgroup.com/work-details Under the following headings we have explained the specific work that has been undertaken on this case. Not every piece of work has been described, but we have sought to give a proportionate overview which provides sufficient detail to allow creditors to understand what has been done, why it was necessary and what financial benefit (if any) the work has provided to creditors.

The costs incurred in relation to each heading are set out in the Time Costs Analysis which is attached at Appendix 2. There is an analysis for the period of the report and also an analysis of time spent on the case since the date of our appointment.

The details below relate to the work undertaken in the period of the report only. Our previous reports contain details of the work undertaken since our appointment.

General case administration and planning

The work undertaken in respect of general case administration and planning has mainly consisted of the following:

- Discussions between the case administrator and the lead partner in respect of ongoing case strategy;
- Detailed case reviews;
- Filing;
- Ensuring that the IP Record is up to date;
- Review the case file to ensure compliance.

Filing and case reviews are necessary to comply with this firm's ongoing review requirements and do not directly result in a financial benefit to creditors.

Compliance with the Insolvency Act, Rules and best practice

Compliance with the Insolvency Act, Rules and best practice has mainly consisted of the following:

- Preparing our previous report and this report and sending to creditors;
- Filing relevant documents with Companies House;
- Dealing with any payments and general banking;
- Reviewing the level of bonding.

It is necessary to do the above work in order to comply with the Insolvency Act, Rules and best practice. We do not anticipate this work being a financial benefit to creditors.

Dealing with all creditors' claims (including employees), correspondence and distributions

This has included the following:

- Reviewing and replying to creditor correspondence and updating records accordingly;
- Agreeing unsecured creditors and paying a dividend.

This work has allowed creditors to receive dividend.

Other matters which includes seeking decisions from creditors (via Deemed Consent Procedure and/or Decision Procedures), tax, litigation, pensions and travel

• Submitting relevant Tax returns and seeking clearance from HMRC with regard to finalising the liquidation.

This work does not result in a financial benefit to creditors but is required under tax legislation.

OUTCOME FOR CREDITORS

Details of the sums owed to each class of the Company's creditors were provided in the directors' statement of affairs.

Secured creditor

There are no known secured creditors.

Preferential creditors

Preferential claims of employees for arrears of wages, salary and holiday pay were admitted in the total sum of £3,790.68.

A dividend of 100 pence in the £ has been paid to the preferential creditors.

Dividend	Date of Dividend	Amount (pence in £)
First and Final	12 November 2020	100

Prescribed Part for unsecured creditors pursuant to Section 176A of the Act

Section 176A of the Act provides that, where the company has created a floating charge on or after 15 September 2003, the liquidator must make a prescribed part of the Company's net property available for the unsecured creditors and not distribute it to the floating charge holder except in so far as it exceeds the amount required for the satisfaction of unsecured debts. Net property means the amount which would, were it not for this provision, be available to floating charge holders out of floating charge assets (i.e. after accounting for preferential debts and the costs of realising the floating charge assets). The prescribed part of the Company's net property is calculated by reference to a sliding scale as follows:

- □ 50% of the first £10,000 of net property;
- □ 20% of net property thereafter;
- Up to a maximum amount to be made available of £600,000

A liquidator will not be required to set aside the prescribed part of net property if:

- the net property is less than £10,000 and the liquidator thinks that the cost of distributing the prescribed part would be disproportionate to the benefit; (Section 176A(3)) or
- the liquidator applies to the court for an order on the grounds that the cost of distributing the prescribed part would be disproportionate to the benefit and the court orders that the provision shall not apply (Section 176A(5)).

To the best of our knowledge and belief, there are no unsatisfied floating charges created or registered on or after 15 September 2003 and, consequently, there is no net property as defined in Section 176A(6) of the Act and, therefore, no prescribed part of net property is available for distribution to the unsecured creditors.

Unsecured creditors

Unsecured creditors were estimate at £78.376.

After issuing a notice of intended dividend to all creditors who had not provided details of their claim and advertising for claims in the London Gazette, we admitted claims totalling £56,583.90 from unsecured creditors.

A dividend of 18.04 pence in the £ was paid to unsecured creditors on 19 November 2021.

Dividend	Date of Dividend	Amount (pence in £)
First and Final	19 November 2021	18.04

I am required by the Insolvency (England & Wales) Rules 2016 to inform creditors if:

- (a) I intend to declare a final dividend;
- (b) if no dividend will be declared; or
- (c) if no further dividend will be declared.

There are insufficient funds to pay a further dividend as the balance of funds realised have already been distributed or used or allocated for defraying the expenses of the liquidation. Therefore, no further dividend will be paid.

6. REMUNERATION & EXPENSES

Remuneration

Our remuneration has been fixed by a decision of the creditors on 2 November 2017 obtained via a Decision Procedure by way of correspondence by reference to the time properly given by us (as liquidators) and the various grades of our staff calculated at the prevailing hourly charge out rates of Begbies Traynor (Central) LLP in attending to matters arising in the winding up as set out in our fees estimate dated 12 October 2017 in the sum of £51,196. A further fee increase was approved by creditors on 20 October 2020 for the sum of £7,643.50. We are also authorised to draw disbursements for services provided by our firm and/or entities within the Begbies Traynor group, in accordance with our firm's policy, a copy of which is attached at Appendix 2 of this report.

BEGBIES TRAYNOR CHARGING POLICY

INTRODUCTION

This policy applies where a licensed insolvency practitioner in the firm is acting as an office holder of an insolvent estate and seeks creditor approval to draw remuneration on the basis of the time properly spent in dealing with the case. It also applies where further information is to be provided to creditors regarding the office holder's fees following the creditors' decision being made for the office holder to be remunerated on a time cost basis. Best practice guidance* requires that such information should be disclosed to those who are responsible for approving the basis of an office holder's remuneration. Within our fee estimate creditors can see how we propose to be remunerated.

In addition, this policy applies where creditor approval is sought to make a separate charge by way of expenses or disbursements to recover the cost of facilities provided by the firm. It also applies where payments are to be made to parties other than the firm, but in relation to which the office holder, the firm or any associate has an interest. Best practice guidance* indicates that such charges should be disclosed to those who are responsible for approving the basis of the office holder's remuneration, together with an explanation of how those charges are calculated.

OFFICE HOLDER'S FEES IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

The office holder has overall responsibility for the administration of the estate. He/she will delegate tasks to members of their staff. Such delegation assists the office holder as it allows him/her to deal with the more complex aspects of the case and ensures that work is being carried out at the appropriate level. There are various levels of staff that are employed by the office holder and these appear below.

The firm operates a time recording system which allows staff working on the case along with the office holder to allocate their time to the case. The time is recorded in 6 minute units at the individual's hourly rate in force at that time which is detailed below.

EXPENSES INCURRED BY OFFICE HOLDERS IN RESPECT OF THE ADMINISTRATION OF INSOLVENT ESTATES

Expenses are payments from the estate which are neither an office holder's remuneration nor a distribution to a creditor or a member. Expenses also include disbursements, which are expenses that are initially paid by the office holder's own firm, but which are subsequently reimbursed from the estate when funds are available.

Best practice guidance classifies expenses into two broad categories:

- Category 1 expenses (approval not required) Specific expenditure that is directly related to the case and referable to an independent external supplier's invoice. All such items are charged to the case as they are incurred.
- Category 2 expenses (approval required) Items of expenditure that are directly related to the case and either:
 - (i) include an element of shared or allocated cost and are based on a reasonable method of calculation, but which are not payable to an independent third party; or
 - (ii) are items of expenditure which are payable to an associate of the office holder and/or their firm.

Shared or allocated costs (pursuant to (i) above)

The following expenses include an element of shared or allocated cost and are charged to the case (subject to approval).

- \Box Internal meeting room usage for the purpose of physical meetings of creditors is charged at the rate of £100 (London £150) per meeting; and
- □ Car mileage which is charged at the rate of 45 pence per mile;

General Office Overheads.

The following items of expenditure will normally be treated as general office overheads and will not be charged to the case although a charge may be made where the precise cost to the case can be determined because the item satisfies the test of a Category 1 expense:

- □ Telephone and facsimile
- Printing and photocopying
- □ Stationery
