Directors' report

The directors present their report and the unaudited consolidated financial statements for the year ended 30 November 2020.

Principal activities

The Company acts as a holding company and currently holds shares in Eurosail Options Limited, a company that has been dormant since incorporation.

Results

The results for the year are shown in the consolidated profit and loss account on page 5. Both the level of business during the year and the financial position of the Company at the end of the year were satisfactory.

Dividend

The directors do not recommend the payment of a dividend for the year (2019: £nil).

Going concern

The directors believe that the Group is a going concern and accordingly have prepared the financial statements on this basis.

Directors

The directors who held office during the year and to the date of this report were as follows:

Wilmington Trust SP Services (London) Limited
Mr D J Wynne
Mr C J Duffy

Third party indemnities

Qualifying third party indemnity provisions, of up to £10,000,000, for the benefit of the directors were in force during the year under review and remain in force as at the date of approval of the Directors' Report and financial statements.

Impact of COVID and BREXIT

Due to COVID-19 continuing to spread aggressively, the United Kingdom government announced a third lockdown in January 2021 which again prohibits all non-essential travel. In December 2020, the United Kingdom government approved the use of Pfizer COVID-19 vaccination and initiated to roll out the vaccination scheme early December 2020. As at the end of April 2021, almost 35 million individuals within the United Kingdom have received at least one dose of a COVID-19 vaccine. Due to the success in the COVID-19 vaccination scheme, the UK government announced plans to lift the national restrictions late in February 2021 with the first stage of restrictions easing becoming effective late March 2021. While the impact and effect of the coronavirus outbreak on businesses is starting to improve, there is still a risk of financial instability for the Company. At this stage the impact on the Company has not been significant and the Directors will continue to assess the ongoing risks and going concern status of the Company.

The UK left the 11-month transition period which keeps the UK bound to the EU's rules on 31 December 2020. At the date of signing these reports, there remain uncertainties for businesses and economic growth which may affect the Company's investments. However, this is not expected to have any effect on the Company's ability to trade as a going concern. At the date of signing these Financial statements, the Directors do not foresee any immediate risks crystallising, however, the directors will continue to closely monitor the impact of the decision on the market and therefore on the Company.

Directors' report

Principal risks and uncertainties

Financial instrument risks

The financial instruments held by the Group comprise cash and an investment that arise directly from its operations.

It is, and has been throughout the year under review, the Group's policy that no trading in financial instruments shall be undertaken. Type text here

The main risk arising from the Group's financial instruments is liquidity risk. Liquidity risk is the risk that investment income receivable by the Group will not arise on a timely manner to meet the Group's obligations as they fall due. The on-going liquidity risk is closely monitored by the directors.

Approved by order of the Board of directors and signed on its behalf by:

Statement of directors' responsibilities

DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Notes to the financial statements

at 30 November 2020

1. Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the Group's financial statements.

Basis of accounting

The financial statements have been prepared on a going concern basis and in accordance with applicable UK accounting standards and under the historical cost convention.

Basis of consolidation

The Group's financial statements consolidate the financial statements of the Company and all its subsidiaries for the year ended 30 November 2020. All the subsidiaries are accounted for using acquisition accounting.

In accordance with section 408 (4) of the Companies Act 2006, PRS 1 Limited is exempt from the requirement to present its own profit and loss account. The result for the year of PRS 1 Limited is disclosed in note 7 to the financial statements.

Fixed asset investment

The Company's investment in its subsidiary company is stated at cost, less provision for diminution in value where the directors consider this necessary.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less tax, with the following exceptions:

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Expenses

Interest receivable, interest payable and expenses are accounted for on an accruals basis.

11. Deferred tax

Deferred taxation has been recognised at 19% (2019: 19%) being the UK small companies corporation tax rate at the balance sheet date. Losses of £48,281 (2019: £48,281) resulting in a deferred tax asset of £9,173 (2019: £9,173) have not been recognised. The deferred tax has not been recognised due to the uncertainty surrounding the Company's future profitability.

12. Capital structure

The Company's capital is represented by the capital and reserves attributable to equity holders. The Company is not subject to externally imposed capital requirements other than the minimum share capital required by the Companies Act 2006, with which it complies. The Company manages its ordinary share capital in order that there is sufficient capital to meet the needs of the Company in its operation.

13. Parent company and ultimate controlling party

Wilmington Trust SP Services (London) Limited, a company registered in England and Wales, holds all of the issued shares in the Company under a declaration of trust for charitable purposes and has no beneficial interest in the shares of the Company. As such there is no ultimate controlling party and the results of the Company are not consolidated by Wilmington Trust SP Services (London) Limited or by any other party.
